APPLICATION

8100-63510

Honorable James H. Welsh
Commissioner of Conservation
Louisiana Office of Conservation
P.O. Box 94275
Baton Rouge, LA 70804-4275

Re: Robulus L Zone, Reservoir B
Kent Bayou Field
Terrebonne Parish, Louisiana

Application is hereby made on behalf of **PETROQUEST ENERGY, L.L.C.**, for the calling of a public hearing, after thirty (30) days legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters related to the **Robulus L Zone, Reservoir B,** in the **Kent Bayou Field**, Terrebonne Parish, Louisiana:

1. To redefine the Robulus L Zone, Reservoir B, in accordance with the DEFINITION section hereof;

2. To dissolve the existing ROBU L RB SUA, ROBU L RB SUB and ROBU L RB SUC created by Office of Conservation Order No. 313-F-1, effective June 19, 2001, and simultaneously therewith, to create two (2) drilling and production units for the exploration for and production of gas and condensate, such units being designated ROBU L RB SUA and ROBU L RB SUB;

3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed units with

each separate tract sharing in unit production on a surface acreage basis of participation;

4. To designate PetroQuest Energy, L.L.C. as unit operator for the proposed ROBU L RB SUB;

5. To designate the PetroQuest Energy, L.L.C. - CL&F No. 16 ST 2 Well as the unit well for the proposed ROBU L RB SUB at the location shown on the attached plat, with an as drilled tolerance of no closer than 100 feet from the south unit line, which is in exception to the spacing provisions of Office of Conservation Order No. 313-F-1, effective June 19, 2001;

6. To extend to the proposed unit, to the extent not inconsistent herewith, the provisions of Office of Conservation Order No. 313-F-1, effective June 19, 2001; and

7. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Robulus L Zone, Reservoir B, in the Kent Bayou Field was previously defined in Office of Conservation Order No. 313-F-1, effective June 19, 2001, and is hereby redefined by raising the top of the existing definition to the top of that gas and condensate bearing sand encountered at a depth of 16,188 feet, electrical log measurements, in the PetroQuest Energy, L.L.C. - CL&F No. 16 OH Well, located in Section 6, Township 18 South, Range 14 East, Terrebonne Parish, Louisiana.

The pre-application conference tentatively scheduled for 10:30 a.m. on Tuesday, July 1, 2008, WILL NOT BE HELD. While a mineral lessee owning interests in ROBU L RB SUA initially requested a conference, such mineral lessee withdrew that request after negotiations resulted in a compromise unit proposal for the revised ROBU L RB SUA which has been approved by all known Interested Owners, Represented Parties, and Interested Parties, and is reflected on the attached plat. As a result, all parties with an interest in the area will support this Application in all respects, and we expect no opposition.

Pertinent data relating to the proposed application can be obtained, AT THE COST OF THE REQUESTING PARTY, by contacting David Comeaux of Leon E. Comeaux & Associates, 305 La Rue France, Lafayette, Louisiana 70508, (337)233-9839.

There is attached hereto and made a part hereof a plat outlining the existing ROBU L RB SUA, ROBU L RB SUB and ROBU L RB SUC, and the proposed revised

ROBU L RB SUA and ROBU L RB SUB. Additionally attached is a list of the names and addresses of the interested parties to whom this unitization proposal is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed herein is our check in the amount of $755.00 made payable to the Office of Conservation in payment of the required hearing application fee.

Very truly yours,

RANDALL C. SONGY

Enclosures

cc: Mr. Richard Hudson, District Manager
Office of Conservation

Interested Owners, Represented Parties
And Interested Parties

P.S. To all Interested Owners, Represented Parties and Interested Parties:

You may have received this Application even though your property is not included in the proposed units, because the Revised Rules of Procedure require us to attempt to also notify everyone owning an interest in the area "proximate to" the proposed units.

Your receipt of this Application does not require you to take any action. It is meant to notify you of these proceedings so that you have the opportunity to participate if you so desire.
