APPLICATION

11361-69518

Honorable James H. Welsh
Commissioner of Conservation
Louisiana Office of Conservation
P.O. Box 94275
Baton Rouge, LA 70804-4275

Re: Clophe Sand, Reservoir A
Abbeville Field
Vermilion Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **LIBERTY RESOURCES, INC.**, for the calling of a public hearing, after thirty (30) days legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters related to the **Clophe Sand, Reservoir A,** in the **Abbeville Field**, Vermilion Parish, Louisiana, for which rules and regulations were established and two drilling and production units were created by Office of Conservation Order No. 155-EE, effective July 18, 1978, as amended and supplemented by the 155-EE Series of Orders, to-wit:

1. To dissolve the unit designated CLOPH RA SUA, created by Office of Conservation Order No. 155-EE, effective July 18, 1978, and simultaneously create a revised drilling and production unit for the exploration for and production of oil and gas from the Clophe Sand, Reservoir A, such unit to be designated CLOPHE RA SUA;

2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with

each tract sharing in unit production on a surface acreage basis of participation;

3. To designate Liberty Operating, Inc. as the operator of, and its C. Duhon No. 2 Well as the unit well, and its C. Duhon Nos. 3-Alt Well and 4-Alt Well as alternate unit wells for the proposed revised unit;

4. To provide that any wells drilled to the Clophe Sand, Reservoir A, inside of the proposed revised unit should be exempt from the spacing provisions of Statewide Order No. 29-E;

5. To provide that any future wells drilled to the Clophe Sand, Reservoir A, outside of the proposed revised unit should be located in accordance with spacing provisions of Statewide Order No. 29-E;

6. To permit the unit operator, Liberty Resource, Inc., to produce the unit allowable for the proposed revised unit from the proposed unit well, proposed alternate unit wells, or any combination thereof at its discretion;

7. To provide that the Commissioner of Conservation should be authorized to reclassify the Clophe Sand, Reservoir A, by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation; and

8. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Clophe Sand, Reservoir A, in the Abbeville Field, Vermilion Parish, Louisiana, was fully defined in Office of Conservation Order No. 155-EE, effective July 18, 1978.

The pre-application conference tentatively scheduled for June 10, 2009, **WILL NOT BE HELD**, as it was not requested within the delays provided for by the Rules of Procedure; therefore, no opposition to this Application at the hearing is anticipated.

Any pertinent data relating to this Application can be obtained AT THE COST OF THE REQUESTING PARTY from Louis Gilbert, 3636 N. Causeway Blvd., Suite 204, Metairie, Louisiana 70002, (504) 834-8112.

There is attached hereto and made a part hereof a plat which outlines the existing CLOPHE RA SUA and the proposed CLOPHE RA SUA. There is also attached hereto a list of the names and addresses of the Interested Owners, Represented

Parties, and Interested Parties to whom this proposal is being sent. Pursuant to the Revised Rules of Procedure, such a list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addressed of all Interested Owners, Represented Parties and Interested Parties.

Yours very truly,

RANDALL C. SONGY
JEREMY B. SHEALY
