Honorable James H. Welsh
Commissioner of Conservation
Office of Conservation
Post Office Box 94275
Baton Rouge, LA 70804-4275

Re: Hackberry 4 Sand, Reservoir A
Topsy Field
Jefferson Davis Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **KERR-McGEE OIL & GAS ONSHORE LLC,** for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Hackberry 4 Sand, Reservoir A, in the Topsy Field, Jefferson Davis Parish, Louisiana, said unit designated HBY 4 RA SUA:

1. To permit the applicant to recomplete, designate and utilize its Hayes Lumber Company No. 1 Well as alternate unit well for the HBY 4 RA SUA, in the Topsy Field, Jefferson Davis Parish, Louisiana, said well to be at the location shown on the plat attached hereto and made a part hereof, in compliance with the spacing provisions of Office of Conservation Order No. 957-B, effective January 19, 1999, and Statewide Order No. 29-E.

2. To find that this well is necessary to efficiently and economically drain a portion of the reservoir covered by the unit which cannot be so drained by any existing well within such unit.

3. To permit the operator to produce the unit allowable from the existing unit well, the proposed alternate unit well or both, in any combination, at the discretion of the operator.

4. Except to the extent herein set forth, to continue in full force and effect the provisions of Office of Conservation Order No. 957-B and the unit created thereby relating to the Hackberry 4 Sand, Reservoir A.

5. To consider such other matters as may be pertinent.

The Hackberry 4 Sand, Reservoir A, in the Topsy Field, Jefferson Davis Parish, Louisiana, was fully defined in Office of Conservation Order No. 957-B, effective January 19, 1999.

The proposed alternate unit well has been producing in a deeper interval and is now available for recompletion into the Hackberry Sand. Such designation and use will permit efficient and economic recovery of hydrocarbons underlying the unit and is needed to satisfy the market demand for gas and condensate from the field.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of $755.00 **made payable to the Office of Conservation** representing the required hearing application fee.

Very truly yours,

Richard W. Revels, Jr.
