In compliance with the Rules of Procedure, a preapplication conference was held in Lafayette, Louisiana, on April 15, 2009, at which the parties named on the attached list were in attendance.

The conference was opened with a discussion by Mr. Bill McAlister, representing Hilcorp Energy Company, concerning the nature and purpose of the conference and the bases for the applicant's proposed unit.

Mr. David Sturlese, representing Leonard Broussard, et al, presented a counterplan which included additional acreage east of the applicant's plan.

Mr. Nick Guillory, representing The Lacassane Company, Inc., presented a counterplan which excluded certain acreage on the eastern side of the applicant's plan.

Questions regarding both plans were asked and answered. Differences could not be resolved between the parties in attendance but it was agreed by all to continue working towards a resolution.

After further discussion, all differences have been resolved. You will find the compromise plat attached to the application. We expect no opposition at the hearing.

There are attached hereto and made a part hereof a revised plat outlining the proposed unit, the conference attendance list, and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished **ONLY** to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, said list of parties will be provided to any party requesting a copy. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, there is enclosed our check on behalf of the applicant, Hilcorp Energy Company, in the sum of $755.00 payable to the Office of Conservation and representing the required hearing application fee.

Sincerely,

LEON E. COMEAUX & ASSOCIATES
