Dear Commissioner Welsh:

Application is hereby made on behalf of **CORONADO ENERGY E&P COMPANY, L.L.C.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To create one (1) additional drilling and production unit for the exploration for and production of gas and condensate from the Cotton Valley Formation, Reservoir A, in Bethany-Longstreet Field, DeSoto Parish, Louisiana, said unit designated CV RA SU96, as shown on the plat attached hereto and made a part hereof.

2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each separate tract sharing in unit production on a surface acre basis of participation.

3. To designate Coronado Energy E&P Company, L.L.C. as operator for the proposed unit.

4. To designate its Bagley et al 4 No. 1 Well as unit well for the proposed unit, in exception to the spacing provisions of Office of Conservation Order No. 289-J, effective March 1, 1974,

5. To permit the operator to downhole combine production from the HOSS RA SU6 and CV RA SU96, said units and ownership of production attributable thereto are identical to the best of the applicant's knowledge.

6. To provide that the allowable assignment and production reporting for any well in which production is combined downhole should be named and credited to the Cotton Valley Formation, Reservoir A.

7. To extend to the proposed additional unit all pertinent provisions of Office of Conservation Order No. 289-J, effective March 1, 1974, as amended and supplemented by the 289-J Series of Orders, and applicable Statewide Orders.

8. To consider such others matters as may be pertinent.

The Cotton Valley Formation, Reservoir A, in Bethany-Longstreet Field, Caddo and DeSoto Parishes, Louisiana, was initially defined in Office of Conservation Order No. 289-J, effective March 1, 1974, and was further defined in Order No. 289-J-1, effective April 14, 1977.

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from David Comeaux at Leon E. Comeaux & Associates, P. O. Box Post Office Box 53922, Lafayette, Louisiana 70505, Telephone Number 337/233-9839.
