Re: APPLICATION FOR PUBLIC HEARING.

Haynesville Zone, Reservoir A, SPIDER FIELD, DeSoto Parish, Louisiana.

Dear Sir:

BEUSA ENERGY, INC. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Haynesville Zone, Reservoir A, in the Spider Field, DeSoto Parish, Louisiana:

1. To create three (3) additional drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, such units being shown on the attached plat and being designated HA RA SUEE through HA RB SUGG.

2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed additional units in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.

3. To designate a unit operator of, and unit well for, each of the proposed additional units as may be appropriate.

4. To provide that for any horizontal well drilled within the proposed units, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, the distance to any unit boundary or offset well will be calculated based on the distance to the nearest perforation in the well and not based on the penetration point or terminus of the well in the Haynesville Zone.

5. To extend, except as in conflict herewith, the provisions of Office of Conservation Order No. 92-N, effective October 7, 2008, as supplemented and amended by the Order No. 92-N series of Orders, to the proposed additional units.

6. To discuss such other matters as may be pertinent to these proposals.

The Haynesville Zone, Reservoir A, in the Spider Field, DeSoto Parish, Louisiana, was defined in Office of Conservation Order No. 92-N, effective October 7, 2008.
