Re: Fredericksburg-Glen Rose Zone, Reservoir A
Spider Field
Fredericksburg-Glen Rose Zone, Reservoir A
Logansport Field
DeSoto Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **BP AMERICA PRODUCTION COMPANY** for the calling of public hearings, after legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters:

1. To establish rules and regulations and to create six (6) drilling and production units for the exploration for and production of gas and condensate from the Fredericksburg-Glen Rose Zone, Reservoir A, in the **Spider Field**, DeSoto Parish, Louisiana, said units to be designated FRED-GR RA SUA through FRED-GR RA SUF, all as shown on the plat attached hereto and made a part hereof.

2. To establish rules and regulations and to create four (4) drilling and production units for the exploration for and production of gas and condensate from the Fredericksburg-Glen Rose Zone, Reservoir A, in the **Logansport Field**, DeSoto Parish, Louisiana, said units to be designated FRED-GR RA SUA thru FRED-GR RA SUD, all as shown on the plat attached hereto and made a part hereof.

3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units with each tract sharing in unit production on a surface acreage basis of participation.

4. To designate BP America Production Company as operator of each of the proposed units in which unit wells are being requested.

5. To grant permission to the applicant to drill, designate and utilize unit and alternate unit wells for the proposed units located as shown on the proposed plats, two (2) of which are located in exception to the spacing provisions of Statewide Order 29-E.

6. To provide that any future substitute and/or alternate unit wells drilled to the Fredericksburg-Glen Rose Zone, Reservoir A, in the Spider and Logansport Fields, within or outside of the units created herein, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).

7. To provide that the Commissioner of Conservation should be authorized to reclassify the aforementioned intervals by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoirs change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.

8. To consider such others matters as may be pertinent.

The Fredericksburg-Glen Rose Zone, Reservoir A, in **Spider Field**, is hereby defined as being that gas and condensate bearing zone encountered between the depths of 2,550 feet and 3,840 feet (electrical log measurements) in the BP America Production Company (formerly Phillips Petroleum) – Soto No. 1 Well, located in Section 28, Township 12 North, Range 14 West, DeSoto Parish, Louisiana.

The Fredericksburg-Glen Rose Zone, Reservoir A, in **Logansport Field**, is hereby defined as being that gas and condensate bearing zone encountered between the depths of 2,610 feet and 3,900 feet (electrical log measurements) in the BP America Production Company (formerly Phillips Petroleum) – McCoy B No. 1 Well, located in Section 35, Township 12 North, Range 15 West, DeSoto Parish, Louisiana.

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from Louis Gilbert & Associates, 3636 North Causeway Blvd., Suite 204, Metairie, LA 70002, Telephone Number (504) 834-8112. Note that a slight change was made to the base of the zones in both fields from that set forth in the prior notice.

Pursuant to the Rules of Procedure, pre-application notice was given; however, no request for the conference was received. Therefore, the conference tentatively scheduled for November 5, 2009, **WILL NOT BE HELD**.

Attached hereto and made a part hereof are plats depicting the applicant's proposals along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed is our check in the amount of $1,510.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Very truly yours,

LISKOW & LEWIS

Richard W. Revels, Jr.
