Commissioner James H. Welsh  
P.O. Box 94275  
Baton Rouge, LA 70804

**RE: In response to State of Louisiana Department of Natural Resources Office of Conservation's Second Amendment to Declaration of Emergency and Directive**

Commissioner Welsh,

In response to the Second Amendment and Declaration of Emergency and Directive order issued by the Louisiana Department of Natural Resources (LDNR), Office of Conservation on September 25, 2012, Texas Brine Company, LLC (TPC) understands the seven items listed in the document.

In the above mentioned, TBC was specifically directed and ordered to perform certain tasks outlined in the above mentioned document. Below are the required responses, as directed.

1. TBC's counsel provided LDNR legal counsel with a response to Directives 1-3 on September 28, 2012.
2. TBC understands Directive 4, which is to provide all daily logs and field notes from all contractors conducting investigation into subsidence and natural gas bubbling. The Daily Action Summary and results for current information can be found in the Attachment section of this report.
3. TBC understands Directive 5, which directs TBC to immediately allow for split or share any sample taken on site related to Well 3A (Serial Number 974265), the cavern, other wells facilities or other site locations. The Daily Action Summary of today's collection can be found in Attachment section of this report.
4. TBC understands Directive 6, which directs TBC to immediately report the results (final and preliminary) of any tests, logs samples or data collection performed on Well 3A, the cavern, other wells, facilities or site locations that indicate a change in any previously known conditions related to the investigation of the subsidence or natural gas bubbling

events, and continue to report any such results. The Daily Action Summary and the Results related to this Directive can be found in Attachment section of this report.

5. TBC understands the Directive 7, which states that TBC will provide a daily summary of all tests, or logs performed or samples taken from Well 3A and the cavern as well as any results of those tests or logs, including preliminary as of September 25, 2012 and going forward. The Daily Summary and Results related to this Directive can be found in Attachment section of this report.

Please note that the drilling rig used for the Observation Well 3A has been removed and the site is being rigged down and returned to pre-drilling condition. As such, daily drilling reports for this well have ceased. Plans are being made for longer term potential gas venting/flaring requirements and possible hydrocarbon material recover from Well 3A.

In addition, previous daily summary reports issued to LDNR have included significant duplicate information as there is a fair amount of overlap in the information requested in each of the Directives included in the September 25, 2012 order. All requested information associated with the Directives issued in the September 25, 2012 order are included in the Attachment section of this report.

TBC believes that the submittal of this report satisfies the requirements of the Declaration of Emergency and Directive issued on September 25, 2012. As directed this report is submitted by email to [conservationorder@la.gov](mailto:conservationorder@la.gov), ref. "Emergency Declaration-Texas Brine Company LLC-9/25/2012.

Bruce E. Martin

Vice President, Operations

Texas Brine Company, LLC

## **Daily Action Summary**

**July 29, 2013**

### **Stationary Air Monitoring**

- Eric Rucinski onsite from 07:30 to 08:30. Changed out the monitors between 07:53 and 08:10. Collected data from the monitoring database and forwarded to Steve Shaughnessy in the Baton Rouge office for processing.
- Darlene McManus of Code Red (monitor sub-contractor) onsite from 07:00 to 17:00. Assisted in battery change outs and maintenance of the monitoring equipment.

### **Residential Air Monitoring**

- Sage has been requested to suspend bimonthly residential air monitoring. Therefore, Sage will discontinue these activities. The last event was conducted on March 26, 2013.

### **Gas Seep Sampling**

- Not Scheduled

### **Well Gas Sampling**

- Not Scheduled

### **Under Slab Gas Sampling**

- Not Scheduled

### **Air Indoor Monitoring**

- Not Scheduled

Notes:  
RTU-7, located at ST-1, recorded elevated CO readings from approximately 1:00 PM - 3:30 PM on 7/29/2013.

**RESPEC Consulting & Services**

Texas Brine, L.L.C.

Assumption Parish, Louisiana

Daily Field Report

Report By: David Gnage

Date: 07/29/13

Company: RESPEC

Job #: 02241

<b>Personnel</b>	<b>Company</b>	<b>Job Title</b>
Nick Marnach	RESPEC	Engineering Field Technician

**Time Onsite:** Start Time: 8:00 End Time: 16:00

**DAILY ACTIVITY:**

**DPVE pilot program:**

No DPVE pilot study personnel on-site.

**Instrumentation program:**

Install modem at site 59. Which antenna NL200/RF401. Clear paths 11 to 1111 to 40 to 1111. Removed yagi antenna site 40 and installed omni -measured antenna signal strength.

**PROPOSED SCHEDULE:**

**DPVE pilot program:**

Not on-site, potentially return 8/5/13

**Instrumentation program:**

Continue O&M to system.

Initials: DJG

## **ME&A Daily Action Summary**

July 29, 2013

### **Subsidence Survey:**

- No Work Done

### **Sinkhole Perimeter/Hydrographic Survey:**

- No Work Done

### **Support Sinkhole Cleanup**

- No Work Done

### **Misc. Survey Work**

- No Work Done

 Work Order # 80-05

Health and Safety Meeting  YES  NO

Weather: 96 F Partly cloudy

Personnel	Company	Job Title
<u>Patrick Ritchie</u>	<u>MP&amp;A</u>	<u>Environmental Scientist</u>

Site Activities: Start Time 9:00 End Time 12:40

**Equipment On-site:**

**Daily Activity:**  
 Conduct in-situ monitoring of industrial water wells  
 Measure water level for the industrial water wells and MRAA wells

Estimated time of completion:  
 On-going

**Proposed schedule:**  
 Conduct in-situ monitoring of industrial water wells  
 Measure water level for the industrial water wells and MRAA wells  
 Measure pressure and water level at TBC Geoprobe locations  
 Collect laboratory samples from the industrial water wells  
 Observe, video, measure bubble sites

Estimated time of completion:  
 On-going
