ADDENDUM NO. 3 (2 Pages)

Reference: Bid Proposal # 431-PA20-009
Rousseau Field
Lafourche Parish
Scheduled Bid Opening: 11 AM July 2, 2020

NOTICE TO BIDDERS:

Question: *During the site we noticed there was a tank battery of six (6), 400 barrel tanks, a heater and separator. In addition, this site has approximately 450 feet of chain link fence that is tangled with small trees. Some of the facility tested positive for NORM.*

- 1) Are we going to be responsible for the cleaning and disposal of these six tanks, the separator, the heater and other equipment left over from operations?** The Facility must be removed (it is line itemed on page 21 of the original bid package). The removal and disposal of NORM contaminated equipment and piping must be included in your lump sum bid (see page 21A, included)
- 2) Are we going to be responsible for the fence removal and disposal? Can we leave downed trees on site?** The fencing is set around the facility to prevent access to same, therefore is part of the site and must be removed. The removal of any trees from the site will have to be discussed with the land owner.

REPLACE PAGE 21 IN YOUR BID PACKAGE WITH PAGE 21A. All addendum pages MUST be returned with official bid.

Signed addendum must be returned with bid documents as noted in General Conditions, Instructions, Policies and Procedures and Section 5 #2 Information Bidders Are Required to Submit with Bid Proposal. This addendum is now part of Bid Packet 431-PA20-009.
