ADDENDUM NO. 1

Scheduled Bid Opening: 11 AM September 2, 2021

NOTICE TO BIDDERS:

Responses

- 1) 1 – Should removal of trees and foliage be included in the bid? The bid does not need to include the cost for tree removal or removal of foliage. This cost is unknown until landowner relations are established. Therefore, you should not include this in the bid. A change order at a later date will cover the cost (which should be the same cost for all bidders). However, if the site requires you to build a small pad or road to the site, the cost to build the pad or road should be included. The cost to remove foliage or trees in the path should not.

Signed addendum must be returned with bid documents as noted in General Conditions, Instructions, Policies and Procedures and Section 5 #2 Information Bidders Are Required to Submit with Bid Proposal. This addendum is now part of Bid Packet 431-PA22-001.
