**LDNR OC Legacy File No. 015-037**

**1. Most Feasible Plan for Evaluation/Remediation**

(Michael Pisani & Associates, October 1, 2015)

Report

Figures 1 - 68

Tables 1 - 10

Appendix A – David G. Angle's & Michael E. Pisani's Testimony and Publication Lists

Appendix B – Information on Previous Remediation Activities

*SED 15 Pit Closure Documents:*

Attachment A – MP&A Field Notes

Attachment B – Photographs and Photologs

Attachment C – Laboratory Analytical Data EWL

Attachment D – Groundwater Monitoring Plan

Attachment E – Coastal Use Permit and USACOE Wetlands Permit

Attachment F – Waste Disposal Manifests

Figure 2 – Delineation Samples

Figure 3 – Pit Excavation Limits – SED15 Area

Figure 4 – Confirmation Sample Locations SED 15 Area

Table 3 – MPA Delineation Analytical Data

Table 4 – Pre-Closure Surface Water Analytical Data

Table 5 – Confirmation Sampling Analytical Data

Table 6 – Backfill Source Samples (Pit Closure)

Table 7 – Waste Characterization Analytical Data

*Site Restoration Work Activities*

Appendix C – Costs Backup Information, MP&A’s Most Feasible Plan for Evaluation/Remediation

Appendix D – Statewide Order 29-B Only Plan (LAC 43:XIX.§611.F.1) and Estimated Costs

Appendix E – Laboratory Data Reports

Appendix F – Other Supporting Materials

**2. Site Investigation Report and RECAP Evaluation**  
(Environmental Resource Management / Angela Levert, October 1, 2015 )

Report

Tables

Figures

Appendix A – Summary of RECAP Forms

Appendix B – Water Well Survey Results

Appendix C – Quality Assurance Project Plan/ Sampling Analysis and Assessment Plan for Crab and Forage Fish Tissue at the East White Lake Oilfield

Appendix D – Crab and Fish Collection Report

Appendix E – Chemical Analytical Data

Appendix F – Data Quality Review Documentation

Appendix G – Supporting Calculations for RECAP Standard Development

Appendix H – East White Lake Oil and Gas Field Seafood Sampling Evaluation by Louisiana Department of Health and Hospitals (March 13, 2015)

Appendix I – Fish Tissue Data Collected by LDEQ for Mercury Monitoring Program, Subsegment 050703 (White Lake

Appendix J – Ecological Checklist

Appendix K – Assessment of Sediment Direct Contact Using Analytical Results in Dry Weight

Appendix L – Laboratory Reports for Biota Samples

3. **Ecological Risk Assessment** (John H. Rodgers, Jr., Ph.D., September 30, 2015)

Report (with Figures 1-2 and Tables 1-11 embedded)

Tables 12-21

Figures 3-4

4. **Report of Barbara D. Beck, Ph.D., DABT, Fellow ATS**  
(Gradient / Beck, October 1, 2015)

Report

Tables

Figures

Appendix A – Data Considered in Risk Assessment

Appendix B – Risk Assessment Calculations

Appendix C – Risk Assessment Calculations for Sensitivity Analyses

Appendix D – C.V. for Dr. Beck

5. **Report of Calvin C. Barnhill, P.E.** (September 20, 2015)

Report

Attachment A – Reference List

Attachment B – Resume

**Index for Michael Pisani & Associates Appendix F**  
**(Additional Materials Supporting Most Feasible Plan Recommendation)**

*East White Lake Oil and Gas Field*  
*Vermilion Parish, Louisiana*
