CUP NUMBER: **P20180379**

- APPLICANT:** **Plaquemines Liquids Terminal (PLT), LLC**
% Tallgrass Energy
4200 W. 115th Street, Suite 350
Leawood, KS 66211
Attn: Amy Ochello
- LOCATION:** **Plaquemines Parish, LA;** Lat. 29-40-7.79 N / Long. -89-58-37.46 W; Sections 4 – 7; T16S-R25E; Tracts R-1, A-1A, and A-1B; Mississippi River; 16111 LA Hwy 23; Myrtle Grove, LA
- DESCRIPTION:** Proposed construction of a liquid export terminal facility along the Mississippi River. The project includes oil storage tanks, a dock and a rail offloading facility. Approximately 150,250 cubic yards of native material will be excavated and placed on site. Approximately 65,500 cubic yards of crushed stone/gravel material, approximately 14,000 cubic yards of rock material and approximately 20 cubic yards of concrete will be required for project construction.

Interested parties are hereby notified that in accordance with LAC Title 43, Chapter 7, §723.C.6 the Office of Coastal Management (OCM) of the Department of Natural Resources received a request for a Public Hearing concerning the following application for a Coastal Use Permit. Interested parties are hereby notified that a Public Hearing will be held on Thursday, February 6th at 6:00 PM at the Belle Chasse Auditorium located at 8398 Hwy. 23, Belle Chasse, LA, 70037. This public hearing will be a “joint” hearing with the Louisiana Department of Environmental Quality (LDEQ). The web address for LDEQ’s public notices is: <https://deq.louisiana.gov/public-notice>.

Re: Continuation of Public Hearing – AI Number 217532, Permit Numbers 2240-00454-V0, PSD-LA-835, Activity Numbers PER20190001, PER20190002, CUP Number P20180379

To Whom It May Concern:

Plaquemines Liquids Terminal, LLC (“PLT”) respectfully requests that the Louisiana Department of Environmental Quality (“LDEQ”) and the Office of Coastal Management of the Louisiana Department of Natural Resources (“LDNR”) continue the February 6, 2020 joint public hearing on PLT’s: (1) Proposed Part 70 Air Operating Permit, PSD Permit, the Associated Environmental Assessment Statement and (2) Coastal Use Permit until after the sediment modeling study and report have been finalized.

PLT is committed to ensuring that the public has the information it needs to properly evaluate its proposed liquids export terminal. Accordingly, once finalized, PLT plans to make the final sediment modeling report available on the agency public databases and will subsequently request further hearings on the permits.

Sincerely,

Amy Ochello
Project Permitting Lead/Environmental Scientist
