DESCRIPTION: Request to extend proposed 2-16" Formosa Pipeline. The proposed pipelines are approximately 33.56 miles in length and will be installed using traditional trenching/open cut and HDD methods. Approximately 27,800 cu. yds of native material to be excavated and placed on site and 100 cu. yds of crushed stone will be hauled in and placed on site as fill. All excavation backfill will be temporarily stockpiled and backfilled upon completion of the pipeline installation.

Interested parties are hereby notified that in accordance with LAC Title 43, Chapter 7, §723.C.6.e the Office of Coastal Management (OCM) of the Department of Natural Resources (DNR) received a request for a Public Hearing concerning the above application for a Coastal Use Permit. Interested parties are hereby notified that a Public Hearing is not warranted for this permit application. Therefore, in accordance with LAC Title 43, Chapter 7, §723.C.6.e, this is to announce that a Public Hearing will not be held.
