Office of Mineral Resources

Capio Sequestration, LLC – Public Hearing
Operating Agreement in Ascension, St. John the Baptist, Iberville and St. Martin Parishes
Docket No. OOC-OMR-21-02

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of the Louisiana Revised Statutes of 1950, a public hearing will be held via internet video conference on Zoom at 1:30 p.m. on **Monday, October 4, 2021** to solicit comments on the proposed Operating Agreement between the State of Louisiana and **Capio Sequestration, LLC**. The Operating Agreement is subject to change and consideration for final approval by the State Mineral and Energy Board at one of its upcoming meetings.

The Operating Agreement is for the sequestration of carbon dioxide beneath State property in Maurepas Swamp WMA and Sherburne WMA, located in Ascension, St. John the Baptist, Iberville and St. Martin Parishes, Louisiana. All comments on the proposed Operating Agreement will be heard.

The Operating Agreement and additional information on accessing the public hearing is available to the public by clicking on the link titled “OMR’s Special Notices and Announcements” found on The Office of Mineral Resources website at <http://www.dnr.louisiana.gov/index.cfm/page/168>. In addition, written comments may be emailed to OMR@la.gov or mailed to **Office of Mineral Resources, Post Office Box 2827, Baton Rouge, Louisiana 70821-2827** to be received on or before **Monday, October 4, 2021**. Please reference Docket No. OOC-OMR-21-02 in your comments. No additional public comments will be accepted after this date.

All parties having interest therein shall take notice thereof.

BY ORDER OF:

**RICHARD P. IEYOUB
COMMISSIONER OF CONSERVATION**
