

TGS:

Thomas G. Smart

Sincerely,

This letter is in support of the Comments made by Cynthia Nicholson and Peck Hayne with the Gordon, Arara, Montgomery, Barnett firm, by Memorandum dated August 8, 2019. I am in agreement with all of their comments, including, but not limited to, opposing the change to require payment of royalties on flared gas and opposing any insertion of a "no-deduction" clause.

Dear Suzanne:
