

GreenSpace - FREQUENTLY ASKED QUESTIONS

FREQUENTLY ASKED QUESTIONS

1. Once a project achieves LEED certification is there a process to ensure that the building continues to operate as designed?

At this time there is no recertification requirement once the project's design is certified and the project is constructed in accordance with the certified design.

A recent article in the New York Times pointed out that LEED certification did not necessarily equal energy efficiency. Below are links to the article and some of the comments generated by the article:
