

**ADDENDUM 06 TO THE
CONTRACT DOCUMENTS**

FOR

**CAMINADA HEADLAND BEACH AND DUNE
RESTORATION – INCREMENT II (BA-143)**

**LAFOURCHE AND JEFFERSON PARISHES
LOUISIANA**

**LOUISIANA COASTAL PROTECTION
AND RESTORATION AUTHORITY**

JULY 29, 2014

**ADDENDUM 06 TO BID DOCUMENTS
CAMINADA HEADLAND BEACH AND DUNE RESTORATION – INCREMENT II
(BA-143)
FILE NUMBER: CED150001**

**NOTE: THE PROJECT NUMBER SHOWN ON PAGE 1 OF ADDENDUMS 01, 02, AND
04 SHOULD READ BA-143**

The clarifications and revisions in this addendum supersede the requirements in the Bid Documents dated March 2014. The Successful bidder will be issued a complete revised set of plans and specifications.

1. QUESTIONS SUBMITTED BY THE CONTRACTORS

- 1.1 Question: Can CPRA verify the available borrow area dredge quantities between the borrow areas issued for Increment I and Increment II dredging?

Answer:

- a. If the contractor removed 90% of the available material from the borrow area issued will there be enough material to complete the beach fill design template?

Answer: Based on the design surveys of the borrow area and the headland there is sufficient material to complete the beach fill design template if the Contractor removes 90% of the available material from the borrow area.

- b. If there is not enough material available to fill the design template on the beach will CPRA hold the contractor responsible?

Answer: If the Contractor fails to implement best management practices to conserve sand resources as required by TS-8.7 and TS-13.3, the Work is subject to the provisions of GP-47 specific to non-conforming work, and TS-13.3 specific to underfilling the template and TS-13.7 for acceptance of beach and dune fill.

- c. If not, what should the contractor anticipate for the outcome/project completion if there is not sufficient material to finish the beach fill?

Answer: If the Contractor successfully implements best management practices to conserve sand resources as required by TS-8.7 and TS-13.3, and there is insufficient material within the borrow area to complete the beach fill design template, the provisions of TS-13.3 may be instituted to adjust the beach fill template from the lines and grades shown on the Plans in order to establish a uniform beach and/or dune for the entire length of the Project. The provisions of GP-43 specific to Change Orders may be instituted to deduct from the Work by application of the unit prices in the Contract to the beach and dune fill quantity.

2. REVISIONS TO THE LOUISIANA UNIFORM PUBLIC WORK BID FORM

A revised Louisiana Uniform Public Work Bid Form to read Increment II on the first page is included in Attachment A. This revised Louisiana Uniform Public Work Bid Form must be completed and attached to the bid submitted in order for the bid to be considered.

ATTACHMENT A

Revised Louisiana Uniform Public Work Bid Form

LOUISIANA UNIFORM PUBLIC WORK BID FORM

TO: Facility Planning and Control
P.O. Box 94095
Claiborne Building
Baton Rouge, LA 70804
(Owner to provide name and address of owner)

BID FOR: Caminada Headland
Beach and Dune Restoration
Increment II
(BA-143)
(Owner to provide name of project and other identifying information)

The undersigned bidder hereby declares and represents that she/he; a) has carefully examined and understands the Bidding Documents, b) has not received, relied on, or based his bid on any verbal instructions contrary to the Bidding Documents or any addenda, c) has personally inspected and is familiar with the project site, and hereby proposes to provide all labor, materials, tools, appliances and facilities as required to perform, in a workmanlike manner, all work and services for the construction and completion of the referenced project, all in strict accordance with the Bidding Documents prepared by: Coastal Protection and Restoration Authority and dated: March 2014, Revision No.2 July 29, 2014
