Re: Cotton Valley Formation, Reservoir A
Caspiana Field
Caddo and DeSoto Parishes, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **GRIGSBY PETROLEUM INC.**, for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Cotton Valley Formation, Reservoir A, in the Caspiana Field, Caddo and DeSoto Parishes, Louisiana, for which rules and regulations were established and drilling and production units were created for the exploration for and production of gas and condensate by the 191-A Series of Office of Conservation Orders, including the unit designated CV RA SUF:

1. To permit the applicant to drill, designate and utilize the Grigsby Petroleum, Inc. – Egan-Webb No. 2 Well and Thigpen Estate No. 6 Well as additional alternate unit wells for the CV RA SUF, said wells to be at the locations shown on the plat attached hereto and made a part hereof, in exception to the spacing provisions of the 191-A Series of Office of Conservation Orders.
2. To find that these wells are necessary to efficiently and economically drain a portion of the reservoir covered by such unit which cannot be so drained by any existing well within such unit.
3. To permit the operator of the CV RA SUF to produce the unit allowable in accordance with the provisions of Office of Conservation Order No. 191-A-22, effective June 18, 1996 (at a rate equal to the combined rate at which the unit well and the alternate unit well or wells located on each unit are capable of efficiently producing).

4. Except to the extent herein designated, to continue in full force and effect the provisions of the 191-A Series of Office of Conservation Orders, the units created thereby, and applicable Statewide Orders.

5. To consider such other matters as may be pertinent.

The Cotton Valley Zone, Reservoir A, in the Caspiana Field, Caddo and DeSoto Parishes, Louisiana, was defined in Office of Conservation Order No. 191-A, effective February 15, 1975.

Use of these wells as additional alternate unit wells will permit efficient and economic recovery of hydrocarbons underlying the unit, will not adversely affect the adjacent offsetting units, and are needed to satisfy the market demand for gas and condensate from the field.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal and a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant **made payable to the Office of Conservation** in the amount of \$755.00 representing the required hearing application fee.

Very truly yours,

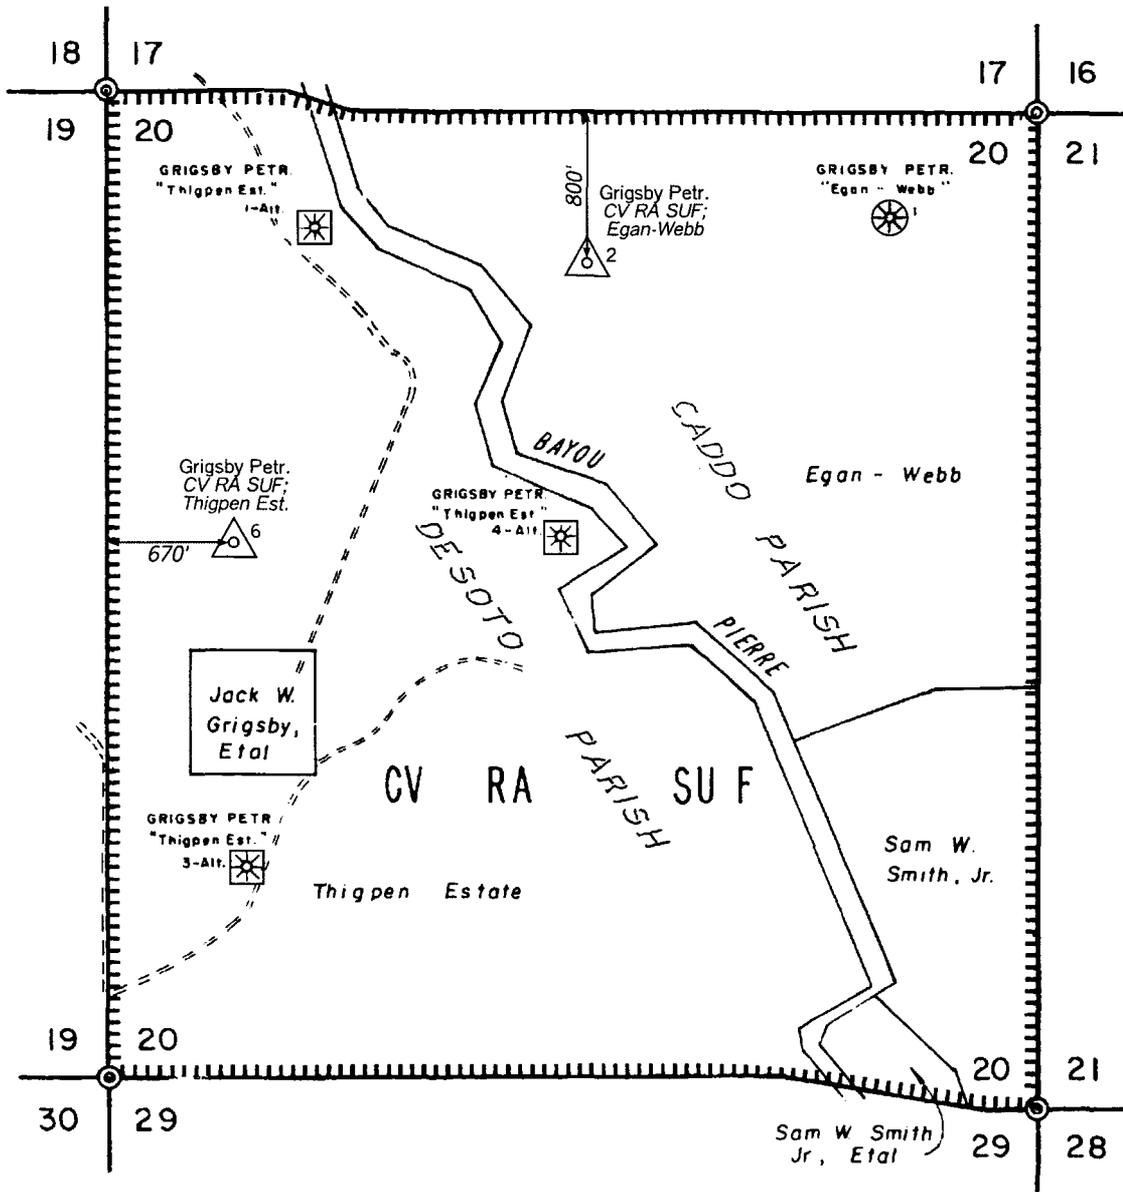

Richard W. Revels, Jr.
