Strain, attorney for the applicant, and then turned over to Mr. Art Christy, the applicant's consulting geologist, who explained the bases of the applicant's proposal. There followed a period of questions, answers and comments. Mr. Bill McAlister, representing Saur Minerals presented a counterplan, to which the applicant, and Mr. Louis Gilbert, representing Cooper, et al had objections. However, the parties reached a compromise, which is shown on the revised plat attached hereto, and which the applicant will advocate at the hearing. All other parties reserved their rights.
