LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, MARCH 15, 2005**, upon the application of **WINCHESTER PRODUCTION COMPANY**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Cotton Valley Zone, Reservoir B and the Travis Peak Zone**, in the Greenwood-Waskom Field, Caddo Parish Louisiana.

1. To establish one (1) drilling and production unit for the exploration for and the production of gas and condensate for the Cotton Valley Zone, Reservoir B and Travis Peak Zone, such units being designated CV RB SUA and TP SU88, respectively.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract to share in the unit production on a surface acreage basis of participation.
3. To expand the definition of the Travis Peak Zone, FOR AND ONLY FOR, the proposed TP SU88 to that gas and condensate producing interval found between the depths of 5,864 feet to 7,908 feet (electric log measurements) in the Winchester Production Company - Abney Heirs No. 1 Well, located in Section 31, Township 18 North, Range 16 West, Caddo Parish, Louisiana.
4. To provide that future wells drilled to the Travis Peak Zone, FOR AND ONLY FOR, the proposed TP SU88 should be located at least 660 feet from unit lines and 2000 feet between wells in exception of the spacing provisions of the 270 Series of Office of Conservation Orders.
5. To permit the unit operator to downhole combine the production from the Cotton Valley Zone, Reservoir B and the Travis Peak Zone in any well bore located within the proposed CV RB SUA and the TP SU88.
6. To consider such other matters as may be pertinent.

The Cotton Valley Zone, Reservoir B, is to be defined as that gas and condensate productive interval encountered between the depths of 7,908 feet to 9,672 feet (electric log measurements) in the Winchester Production Company - Abney Heirs No. 1 Well, located in Section 31, Township 18 North, Range 16 West, Caddo Parish, Louisiana. The Travis Peak Zone is being requested to be defined as stated hereinabove.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
