Re: APPLICATION FOR PUBLIC HEARING.

Hosston A & B Zones, SIBLEY FIELD, Webster  
Parish, Louisiana.

Dear Sir:

SAMSON CONTOUR ENERGY E&P, L.L.C. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Hosston A Zone and to the Hosston B Zone in the Sibley Field, Webster Parish, Louisiana:

1. To authorize Applicant to drill, designate and utilize a substitute unit well for HOSS A SUR and for HOSS B SUR, an additional alternate unit well for HOSS A SUW and for HOSS B SUW, and an alternate unit well for HOSS A SUX and for HOSS B SUX, at the locations shown on the attached plats, in exception to the well location provisions of Office of Conservation Order No. 148-J, effective February 1, 1972.
2. To find that each of the proposed wells is necessary to efficiently and economically drain a portion of the Hosston A Zone and the Hosston B Zone underlying the unit on which it is proposed to be drilled which cannot be efficiently and economically drained by any existing well on such unit.
3. To permit Applicant to combine downhole production from the Hosston A Zone with production from the Hosston B Zone in the wellbore of any existing or future wells located on the units designated HOSS A&B SUR, HOSS A&B SUW and HOSS A&B SUX, in which the interests in the units on which the well is located are identical.
4. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Hosston A and B Zones in Sibley Field, Webster Parish, Louisiana, are defined in Office of Conservation Order No. 148-J, effective February 1, 1972.
