Dear Commissioner Welsh:

Application is hereby made on behalf of **CARRIZO OIL AND GAS, INC.** for the calling of a public hearing, after thirty (30) days legal notice, to consider evidence relative to the issuance of orders concerning the following matters pertaining to the **Pelican Sand, Reservoir A**, in the **Bayou Sauveur Field**, Terrebonne Parish, Louisiana, to-wit:

1. To establish rules and regulations and create a single drilling and production unit for the exploration for and production of gas and condensate, such unit to be designated the Pel RA SUA;

3. To provide that any future wells drilled to the Pelican Sand, Reservoir A, within or outside of the proposed unit, should be

located in accordance with the spacing provisions of Statewide Order No. 29-E;

4. To provide that the Commissioner of Conservation should be authorized to reclassify the Pelican Sand, Reservoir A, by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation; and
5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Pelican Sand, Reservoir A, in the Bayou Sauveur Field, Terrebonne Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 14,310 feet and 14,410 feet, electrical log measurements, in the Exchange Oil & Gas Corporation – Harry Bourg Corp.
