RE: HEARING APPLICATION
Alternate Unit Wells
Lower Cotton Valley Formation, Reservoir A
LCV RA SUPP
Terryville Field
Lincoln Parish, Louisiana
Our File No. 450592.32

Dear Sir:

On behalf of CLAYTON WILLIAMS ENERGY, INC., application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Lower Cotton Valley Formation, Reservoir A, in the Terryville Field, Lincoln Parish, Louisiana:

1. To permit the Applicant to drill, designate and utilize three (3) alternate unit wells for LCV RA SUPP, at the locations shown on the plats attached hereto, in exception to the well spacing provisions of the 370-B Series of Office of Conservation Orders.
2. To explicitly find that the proposed unit wells and alternate unit wells are necessary to drain a portion of the Lower Cotton Valley Formation, Reservoir A, in the Terryville Field, underlying LCV RA SUPP, which cannot be efficiently and economically drained by any existing well in such unit.
3. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Lower Cotton Valley Formation, Reservoir A, in the Terryville Field, Lincoln Parish, Louisiana, was redefined in Office of Conservation Order No. 370-B-6, effective February 18, 1982.

The Rules of Procedure of the Commissioner of Conservation pertaining to the Pre-Application Notice requirements, are not applicable to the hearing requested herein, which requires legal notice of only ten (10) days.
