Re: Bol Mex - Nonion Struma Zone, Reservoir A,
North Jennings Field, Jefferson Davis and
Acadia Parishes, Louisiana

Dear Mr. Commissioner:

Application is hereby made on behalf of Aspect Energy, LLC to the Commissioner of Conservation for the calling of a public hearing, after legal notice, pertaining to the following matters relative to the Bol Mex - Nonion Struma Zone, Reservoir A, North Jennings Field, Jefferson Davis and Acadia Parishes, Louisiana:

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the Bol Mex - Nonion Struma Zone, Reservoir A, North Jennings Field, Jefferson Davis and Acadia Parishes, Louisiana;
2. To create a single drilling and production unit for the Bol Mex - Nonion Struma Zone, Reservoir A, designated as the BOL M - NS RA SUA, as shown on the plat attached hereto;
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the unit so created on a surface acreage basis of participation;
4. To allow the Commissioner of Conservation to reclassify the reservoir by supplemental order, without the necessity of a public hearing, should the producing characteristics of the reservoir change and evidence to justify reclassification is submitted to and accepted by the Commissioner of Conservation;
5. To consider such other matters as may be pertinent to the Bol Mex - Nonion Struma Zone, Reservoir A.

The Bol Mex - Nonion Struma Zone, Reservoir A, in the North Jennings Field, in Jefferson Davis and Acadia Parishes, Louisiana, is hereby defined as being that gas and condensate bearing zone encountered between the measured depths of 12,080 feet and 14,970 feet (electrical log measurements) in the Amerada Hess Corporation - Harris Trust No. 1 Well, located in Section 26, Township 9 South, Range 3 West, Jefferson Davis Parish, Louisiana.

The pre-application conference was held as scheduled. In attendance were the parties shown on the attached attendance list. Travis Helms of James F. Hardwick & Associates, consulting geologist for the applicant, discussed the bases of the applicant's proposal. A counterplan was presented by Mr. David Comeaux on behalf of the Herrington interests. After a period of questions and answers, the conference was adjourned. After further discussions following the pre-application conference, the applicant has agreed to revise its unit proposal by reorienting the northern and southern boundaries and moving the western boundary further to the west, resulting in a proposed unit of approximately ± 525 acres. As a result of this compromise, it is believed that there will be no opposition at the hearing.

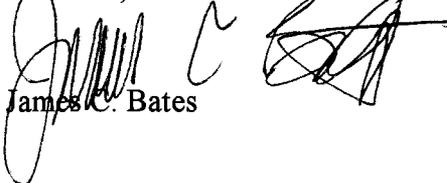

In addition to furnishing the legal notice to all Interested Owners, Represented Parties and Interested Parties, the applicant will provide for posting of the legal notice and unit plat in a prominent place in the area of North Jennings Field. Additionally, the legal notice will be published in a newspaper of general circulation in the vicinity of North Jennings Field at least fifteen (15) days before the hearing date.

All pertinent data relating to this proposed application may be obtained **AT THE COST OF THE REQUESTING PARTY** from James F. Hardwick & Associates, P. O. Box 80972, Lafayette, Louisiana, 70598-0972, (337) 232-7756.

Attached hereto and made a part hereof is a plat outlining the revised proposed BOL M - NS RA SUA in the North Jennings Field, Jefferson Davis and Acadia Parishes, Louisiana. Also enclosed to the Commissioner of Conservation and District Manager **ONLY** is a list of Interested Owners, Interested Parties and Represented Parties to whom a copy of this application is being sent. Copies of this list will be provided upon request. A reasonable effort has been made to ascertain the names and addresses of all Interested Owners, Interested Parties or Represented Parties. Also enclosed is our check to the Office of Conservation, representing the required hearing application fee.

Very truly yours,

STRAIN, DENNIS & BATES, L.L.P.
