Re: Alternate unit well designation
Judge Digby Field
Pointe Coupee Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **BP AMERICA PRODUCTION COMPANY** for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters:

1. To permit the applicant to drill, designate and utilize its W. C. Parlange, Jr., et al No. 14 Well as alternate unit well for the U TUSC RA SUA, 20350 TUSC RA SUA, L TUSC RA SUA, 20800 TUSC RA SUA, 21100 TUSC RA SUA, 21300 TUSC RA SUA and 21900 TUSC RA SUA, all at the location shown on the plats attached hereto for the respective units, all in accordance with the spacing provisions of the 1046 Series of Office of Conservation Orders [LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E)].
2. To permit the operator to produce the unit allowable for the above mentioned units from the existing unit and alternate unit wells and proposed alternate unit well, in any combination, at its option.
3. To find that the aforementioned well is necessary to efficiently and economically drain a portion of the reservoirs covered by each of the subject units which cannot be so drained by any existing well within said units.
4. Except to the extent herein designated, to continue in full force and effect the provisions of Office of Conservation Order No. 1046, as amended and supplemented by the 1046-A Series of Orders, and the 1046-C, 1046-D, 1046-E and 1046-F Series of Orders and the units created thereby.
5. To consider such other matters as may be pertinent.

The Upper Tuscaloosa Sand, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, was redefined in Office of Conservation Order No. 1046-A-14, effective January 12, 2000.

The 20,350' Tuscaloosa Sand, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, was redefined in Office of Conservation Order No. 1046-A-38, effective April 6, 2004.

June 26, 2008

The Lower Tuscaloosa Sand, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, was redefined by Office of Conservation Order No. 1046-A-31, effective July 23, 2002.

The 20,800' Tuscaloosa Sand, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, was previously defined in Office of Conservation Order No. 1046-F, effective July 23, 2002.

The 21,100' Tuscaloosa Sand, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, was previously defined in Office of Conservation Order No. 1046-D, effective June 2, 1998.

In the opinion of the applicant, the drilling, designation and use of the W. C. Parlange, Jr., et al No. 14 Well at the location shown is necessary to efficiently and economically drain the subject units that it will serve and such designation and use will not cause harm or injury to others. In addition, the proposed designation and use of said well should increase efficient recovery of the contents of the subject reservoirs and promote orderly development of the field.

Attached hereto and made a part hereof are plats outlining the applicant's proposals along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent.
