1. To authorize ConocoPhillips Company to drill, designate and utilize two additional alternate unit wells on HOSS A RA SUW and HOSS B RA SUW at the locations shown on the plats attached hereto and made a part hereof, provided, however, that said wells may be located within a radius of 100 feet of the proposed bottom hole locations for said wells, but in no event any closer than 330 feet to any unit boundary;

4. To authorize the unit allowable for each unit to be recovered from the existing wells located on the units, the proposed alternate unit wells, or from any combination thereof, at the discretion of the operator; and
5. To consider and cover such other matters as the Commissioner of Conservation may deem appropriate and necessary under the circumstances.
