Re: Creation of unit
Miogypsinoides Sand, Reservoir D
Maurice Field
Lafayette and Vermilion Parishes, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **PRECISION HOLDINGS, LLC** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the Miogypsinoides Sand, Reservoir D, in the Maurice Field, Lafayette and Vermilion Parishes, Louisiana, said unit to be designated MIOGYPRD SUA.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate Precision Holdings, LLC as operator of the proposed unit.
4. To designate its J. Broussard Heirs No. 1 Well as unit well for the proposed unit.
5. To provide that any future substitute and/or alternate unit wells drilled to the Miogypsinoides Sand, Reservoir D, within or outside the unit created herein, should be located in accordance with the spacing provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
6. To provide that the Commissioner of Conservation should be authorized to reclassify the proposed sand and reservoir by supplemental order without the necessity of a public hearing if the

November 16, 2007

producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.

7. To consider such other matters as may be pertinent.

The Miogypsinoides Sand, Reservoir D, in the Maurice Field, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 13,481 feet and 13,568 feet (electrical log measurements) (13,357 feet to 13,444 feet TVD) in the Precision Holdings, LLC – J. I. Broussard Heirs No. 1 Well, having a surface location in Section 49, and a bottom hole location in Section 41, Township 11 South, Range 4 East, Vermilion Parish, Louisiana.

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from David Comeaux of Leon Comeaux & Associates, Post Office Box 53922, Lafayette, Louisiana 70505, Telephone Number (337) 233-9839.

Pursuant to the Rules of Procedure, a pre-application conference was held on November 14, 2007, in Lafayette, Louisiana, at which the parties named on the attached list were in attendance. The conference was opened by representatives of the applicant who explained the bases for the unit being requested. Several questions were asked and answered. A counterplan was presented by Frank Harrison, representing James Davidson. The applicant and landowner representative disagree as to the proper placement of the down dip limit of the reservoir. The conference was then adjourned without a resolution of differences. Opposition at the hearing is expected.

Attached hereto and made a part hereof is a plat outlining the applicant's unit proposal, the conference attendance list and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such plat (being the same plat attached to the pre-application notice dated October 24, 2007) and list of parties are being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the plat and/or list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Sincerely,

Richard W. Revels, Jr.
