RE: HEARING APPLICATION  
HOSS SUAA  
CV RA SUK  
Logansport Field  
DeSoto Parish, Louisiana  
Our File No. 230593.207

Dear Sir:

On behalf of COMSTOCK OIL & GAS-LOUISIANA, LLC, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Hosston Zone and the Cotton Valley Formation, Reservoir A, in the Logansport Field, DeSoto Parish, Louisiana:

1. To permit the applicant to drill, designate and utilize the Comstock Oil & Gas-Louisiana, LLC - Horn "B" No. 1 Alt. Well, at the location shown on the plat attached hereto, as an alternate unit well for HOSS SUAA.
2. To explicitly find that the proposed alternate unit well is in the interest of conservation and is necessary to drain a portion of the Hosston Zone, in the Logansport Field underlying HOSS SUAA, which cannot be efficiently and economically drained by any existing well in such unit.
3. To authorize the downhole combination of production from the Hosston Zone and the Cotton Valley Formation, Reservoir A, in the wellbore of any well drilled on HOSS SUAA and CV RA SUK, in the Logansport Field, DeSoto Parish, Louisiana, as to which the acreage and ownership are identical.
4. To explicitly find that said downhole combination of production is in the interest of conservation, will prevent waste and will maximize the efficient and economic recovery of gas and condensate from such zones and reservoirs.
5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.
