Baton Rouge, LA 70804-4275

Re: Creation of units for
Hosston Formation, Reservoir E
Jurassic Zone, Reservoir A
Red River - Bull Bayou Field
Red River Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **ENCANA OIL & GAS (USA), INC.** for the calling of public hearings, after legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters:

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the Hosston Formation, Reservoir E, in the Red River - Bull Bayou Field, Red River Parish, Louisiana, said unit to be designated HOSS RE SUA, as shown on the plat attached hereto and made a part hereof.
2. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the Jurassic Zone, Reservoir A, in the Red River - Bull Bayou Field, Red River Parish, Louisiana, said unit to be designated JUR RA SUA, as shown on the plat attached hereto and made a part hereof.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
4. To provide that any future wells drilled to the aforementioned intervals, within or outside either unit created herein, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).

November 26, 2007

5. To provide that the Commissioner of Conservation should be authorized to reclassify the aforementioned intervals by supplemental order without the necessity of a public hearing if the producing characteristics of each reservoir changes and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
6. To consider such others matters as may be pertinent.

The Hosston Formation, in Red River Bull Bayou Field, Red River Parish, Louisiana, was previously defined in Office of Conservation Order No. 109-N-5, effective September 29, 2004.

The Jurassic Zone, Reservoir A, in Red River Bull Bayou Field, is hereby defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 9,240 feet and 12,920 feet (electrical log measurements) in the EnCana Oil & Gas (USA) Inc. – Martin Lumber Co. No. 1 Well, located in Section 10, Township 13 North, Range 10 West, Red River Parish, Louisiana.

Any pertinent data, including well logs, not available at the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from Bill Dale with W. H. Robbins & Associates, L.L.C., 302 LaRue France, Lafayette, Louisiana 70508, Telephone Number (337)232-5004.

Pursuant to the Rules of Procedure, pre-application notice was given; however, no request for the conference was received. Therefore, the conference tentatively scheduled for December 5, 2007, **WILL NOT BE HELD.**

Attached hereto and made a part hereof are plats outlining the applicant's proposals and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being mailed. Pursuant to the Revised Rules of Procedure, the plats (being the same plats attached to the pre-application notice dated November 14, 2007) and list of parties are being furnished only to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the plats and/or list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check in the amount of \$1,510.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Sincerely,

Richard W. Revels, Jr.
