Re: Haynesville Zone, Reservoir A
Caspiana Field
DeSoto Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **ENCANA OIL & GAS (USA) INC.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To create seven (7) additional drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, in the Caspiana Field, DeSoto Parish, Louisiana, said units to be designated HA RA SU54 and HA RA SU73 through HA RA SU78, all as shown on the plat attached hereto and made a part hereof.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that the spacing provisions of Office of Conservation Order No. 191-H, effective August 28, 2007, should be amended insofar as the units being proposed herein are concerned, to provide that where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, the distance to any unit boundary or offset well will be calculated based on the distance to the nearest perforations in the well, and not based on the penetration point or terminus.
4. To provide that the spacing provisions of Office of Conservation Order No. 191-H, effective August 28, 2007, should be amended insofar as the units being proposed herein are concerned, to provide that any future wells drilled to the Haynesville Zone, Reservoir A, should be located no closer than 330 feet from any unit line and no closer than 660 feet from any well completed in, drilling to, or for which a permit has been granted to drill to the Haynesville Zone.
5. To extend to the proposed units, except as in conflict herewith, the provisions of Office of Conservation Order No. 191-H, effective August 28, 2007, as amended and supplemented by the 191-H Series of Orders.

October 17, 2008

6. To consider such others matters as may be pertinent.

The Haynesville Zone, Reservoir A, in Caspiana Field, was previously defined in Office of Conservation Order No. 191-H, effective August 28, 2007, and is hereby redefined insofar as Sand Units 54, and 73 through 78 are concerned, as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 9,550 feet and 11,350 feet (electrical log measurements) in the J. W. Operating Co. (O.B. Mobley) – Foster No. 1 Well, located in Section 14, Township 15 North, Range 13 West, DeSoto Parish, Louisiana.

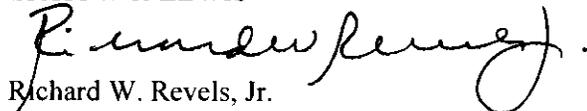

Any pertinent data, including well logs, not available at the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from Bill Dale with W. H. Robbins & Associates, L.L.C., 302 LaRue France, Lafayette, Louisiana 70508, Telephone Number (337)232-5004.

Pursuant to the Rules of Procedure, a pre-application conference was held on October 15, 2008, in Shreveport, Louisiana, at which the parties named on the attached list were in attendance. Representatives of the applicant presented the bases of the applicant's proposals. Questions were asked and answered. No counterplans were presented. The conference was then adjourned.

Attached hereto and made a part hereof are a plat outlining the applicant's proposal, the conference attendance list and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being mailed. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties. We also enclose a check in the amount of \$755.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Sincerely,

LISKOW & LEWIS

Richard W. Revels, Jr.
