RE: **Hosston Formation, Reservoir A**
Cotton Valley Zone, Reservoir A
Haynesville Zone, Reservoir A
Alabama Bend Field
Bienville Parish, Louisiana

APPLICATION FOR PUBLIC HEARING

Dear Sir:

Will-Drill Production Co., Inc. hereby makes application pursuant to the revised rules of procedure for a public hearing to consider evidence relating to the following matters pertaining to the Hosston Formation, Reservoir A, the Cotton Valley Zone, Reservoir A, and the Haynesville Zone, Reservoir A, in the Alabama Bend Field, Bienville Parish, Louisiana:

1. To establish three additional drilling and production units for the exploration for and production of gas and condensate from the Hosston Formation, Reservoir A, in the Alabama Bend Field, Bienville Parish, Louisiana, to be designated HOSS RA SUH, HOSS RA SUI and HOSS RA SUJ, as shown outlined on the plats attached hereto and made a part hereof;
2. To establish one additional drilling and production unit for the exploration for and production of gas and condensate from the Cotton Valley Zone, Reservoir A, in the Alabama Bend Field, Bienville Parish, Louisiana, to be designated CV RA SUQ, as shown outlined on the plat attached hereto and made a part hereof;
3. To establish nine additional drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, in the Alabama Bend Field, Bienville Parish, Louisiana, to be designated HA RA SUA thru HA RA SUI, as shown outlined on the plats attached hereto and made a part hereof;
4. To define the Haynesville Zone, Reservoir A, in the Alabama Bend Field as the stratigraphic equivalent of that gas and condensate bearing zone encountered between

the depths of 10,705 feet and 12,620 feet (electric log measurements) in the Questar Exploration and Production Company (formerly Will-Drill Production Company, Inc.) - Sustainable Forests 28 No. 1 Well located in the Northwest Quarter of Northwest Quarter of Section 28, Township 15 North, Range 9 West, Bienville Parish, Louisiana;

5. To force pool and integrate all of the separately owned tracts, mineral leases and other property interests located within the proposed units in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation;
6. To designate unit wells and unit operators, as appropriate;
7. To extend the field rules established by Office of Conservation Order No. 1490, effective September 28, 2005, to the additional unit for the Cotton Valley Zone, Reservoir A, and the field rules established Office of Conservation Order No. 1490-B, effective May 15, 2007, to the additional units for the Hosston Formation, Reservoir A, in the Alabama Bend Field;
8. To provide that wells drilled to the Haynesville Zone, Reservoir A, in the Alabama Bend Field, be located no closer than 330 feet to any unit line and that there be not less than 660 feet between wells drilling to, completed in, or for which a permit has been issued to the Haynesville Zone, Reservoir A, in offsetting units;
9. To provide that with respect to horizontal wells drilled to the Haynesville Zone, Reservoir A, in the proposed units, where the horizontal lateral portion of the well is cased and cemented back above the top of the Haynesville Zone, Reservoir A, the distance to any unit boundary will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus;
10. With respect to the units which are the subject of this application, to authorize the down hole or well bore combination of hydrocarbons produced from the Hosston Formation, Reservoir A, the Cotton Valley Zone, Reservoir A, and the Haynesville Zone, Reservoir A, or any combination thereof, or, if applicable to add the Haynesville Zone, Reservoir A, to the down hole combination authority previously granted for the Hosston Formation Reservoir A, and the Cotton Valley Zone, Reservoir A, in the Alabama Bend Field, insofar as units for these respective zones are concerned provided the ownership within said units and zones are the same; and
11. To consider and cover such other matters as the Commissioner of Conservation may deem appropriate and necessary under the circumstances.

The Hosston Formation, Reservoir A, in the Alabama Bend Field, Bienville Parish, Louisiana, was defined in Office of Conservation Order No. 1490-B, effective May 15, 2007.

The Cotton Valley Zone, Reservoir A, in the Alabama Bend Field, Bienville Parish, Louisiana, was defined in Office of Conservation Order No. 1490, effective September 28, 2005.

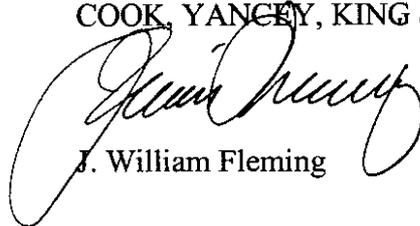

Any pertinent data relating to this matter can be obtained, at the cost of the requesting party, from Mr. Craig Barclay, 522 Dumbarton, Shreveport, Louisiana 71106, telephone number (318) 869-2223.

A pre-application notice letter dated October 7, 2008, was circulated in connection with this matter. One request for a conference was received which was withdrawn after an informal discussion. Otherwise there were no requests for a conference; accordingly, no formal conference was held.

The list which is attached to the copy of this application being mailed to the Office of Conservation includes the names of all Interested Owners, Represented Parties and Interested Parties known to Applicant after a diligent search. A copy of this application, with plat attached, is being sent to each party on the list. Pursuant to Office of Conservation regulations, the list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any person requesting a copy of it. Also enclosed with the copy of this letter being sent to the Commissioner of Conservation is a check for the application fee.

Yours very truly,

COOK, YANCEY, KING & GALLOWAY
