Re: APPLICATION FOR PUBLIC HEARING

Hosston Formation, Reservoir B, and Cotton Valley
Formation, Reservoir B, WOODARDVILLE FIELD,
Bienville and Red River Parishes, Louisiana.

Dear Sir:

EMPRESA ENERGY, L.P. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Hosston Formation, Reservoir B, and to the Cotton Valley Formation, Reservoir B, in the Woodardville Field, Bienville and Red River Parishes, Louisiana:

1. To permit Applicant to drill, designate and utilize two (2) alternate unit wells for HOSS RB SUR and for CV RB SUR, and one (1) alternate unit well for HOSS RB SUQ, CV RB SUQ, HOSS RB SUT and CV RB SUT, at the locations shown on the attached plats.
2. To approve an exception to the spacing provisions of Office of Conservation Order No. 990-C, effective February 1, 2006 (applicable to the Hosston Formation, Reservoir B) and Office of Conservation Order No. 990-B, effective September 13, 2005 (applicable to the Cotton Valley Formation, Reservoir B), for the location of any of the proposed alternate unit wells, as shown on the attached plats, which does not comply with the spacing provisions of these Orders.
3. To find that each of the proposed alternate unit wells is necessary to efficiently and economically drain a portion of the unit on which it is proposed to be drilled which cannot be efficiently and economically drained by any existing well on such unit.
4. To permit the unit allowables for the units on which these alternate unit wells are proposed to be drilled to be produced from either the unit or substitute unit well, from any alternate unit well, or from any combination of such wells at the option of the Operator.
5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Cotton Valley Formation, Reservoir B, in the Woodardville Field, Bienville and Red River Parishes, Louisiana, was initially defined in Office of Conservation Order No. 990-B, effective September 13, 2005, and was redefined as to the units designated CV RB SUQ, CV RB SUR and CV RB SUT by Office of Conservation Order No. 990-B-10, effective January 9, 2007.
