Re: Camerina Zone, Reservoir E

Dear Commissioner Welsh:

Application is hereby made on behalf of **MILAGRO PRODUCING, LLC.** for the calling of a public hearing, after thirty (30) days legal notice, to consider evidence relative to the issuance of Orders pertaining to the **Camerina Zone, Reservoir E** and the **Miogyp Zone, Reservoir C**, in the **Gueydan Field**, Vermilion Parish, Louisiana, to-wit:

1. To establish rules and regulations and create two (2) drilling and production units for the exploration for and production of gas and condensate from the Camerina Zone, Reservoir E and the Miogyp Zone, Reservoir C, such units to be designated as CAM RE SUA and MIOGYC RC RUA;
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed units, with each tract sharing in unit production on a surface acreage basis of participation;

3. To provide that any future wells drilled to the Camerina Zone, Reservoir E or the Miogyp Zone, Reservoir C, within or outside of the proposed units, should be located in accordance with the spacing provisions of Statewide Order No. 29-E;
4. To provide that the Commissioner of Conservation should be authorized to reclassify these reservoirs by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation; and
5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Camerina Zone in the Gueydan Field was previously defined in Office of Conservation Order No. 440-L, effective April 10, 2001.

The Miogyp Zone in the Gueydan Field was previously defined in Office of Conservation Order No. 440-F, effective February 17, 1998.
