Pursuant to the Revised Rules of Procedure, a pre-application conference was held on January 10, 2008, in Lafayette, Louisiana at which the parties named on the attached list were in attendance. The conference was opened by James F. Hardwick on behalf of the applicant who explained the bases for the applicant's proposal. Questions were asked and answered. Mr. Charles Smith on behalf of Gary Thibodeaux presented a counterplan extending the southern boundary of the applicant's proposal farther to the south. A representative of Mr. David Sturlese on behalf of the McVicker and Bourgeois Families presented a counterplan extending the northern boundary of the applicant's proposal farther to the northwest. After further discussion, the conference was adjourned. Since the conclusion of the conference, there have been additional discussions among the parties. As a result of these discussions, the parties have resolved their differences in support of the compromise unit which is depicted on the plat attached hereto and made a part hereof. As a result of this compromise, no opposition is expected at the hearing to be scheduled in this matter.

Attached hereto and made a part hereof are a plat outlining the applicant's proposal, the conference attendance list, and the list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being mailed. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties, and Interested Parties.
