Re: Robulus 5 II Zone, Reservoir C
South Sunrise Field
Terrebonne Parish, Louisiana

Application is hereby made on behalf of **BADGER OIL CORPORATION** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters related to the **Robulus 5 II Zone, Reservoir C**, in the **South Sunrise Field**, Terrebonne Parish, Louisiana, to-wit:

1. To redefine the Robulus 5 II Zone, Reservoir C, previously defined in Office of Conservation Order No. 1113-A-2, effective March 1, 2005, as being that gas and condensate bearing sand encountered between the depths of 13,470 feet and 15,210 feet, electrical log measurements (11,186'-12,455' TVD), in the Badger Oil Corporation – A.J. Theriot, Jr. et al No. 1 Well, located in Section 18, Township 18 South, Range 17 East, Terrebonne Parish, Louisiana;
2. To confirm and continue in force and effect the exterior boundaries of the existing ROBU 5 II RC SUA, created by Office of Conservation No. 1113-A-2, for this redefined interval;

3. To confirm the Badger Oil Corporation – A.J. Theriot, Jr. et al No. 1 Well as the unit well for ROBU 5 II RC SUA;
4. To confirm Badger Oil Corporation as the operator for ROBU 5 II RC SUA ;
5. To confirm and continue in force and effect, except to the extent they are inconsistent herewith, all pertinent provisions of Office of Conservation Order No. 1113-A-2; and
6. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Robulus 5 II Zone, Reservoir C, in the South Sunrise Field, Terrebonne Parish, Louisiana, was previously defined in Office of Conservation Order No. 1113-A-2, effective March 1, 2005, and is hereby redefined as provided in numbered paragraph 1 hereof.

The proposed redefinition would not change any owner's unit share of the existing unit. The proposed redefinition would expand the existing definition for the Robulus 5 II Zone, Reservoir C, by revising the top of the zone to a shallower depth; it would make no change to the base of the existing definition. The purpose of the redefinition is to include within the new definition the 11,200' Sand, which is currently above the existing definition. The applicant plans to make a completion in the 11,200' Sand in the A.J. Theriot Well No. 1 very soon.

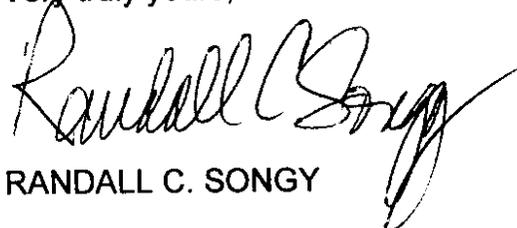

Pursuant to Rule 8 of the Rules of Procedure, the Commissioner of Conservation has waived the pre-application notice requirement. **A conference to discuss the proposed application is hereby scheduled for 2:00 p.m., Monday, March 17, 2008, at Onebane Law Firm, 1200 Camellia Blvd, Suite 300, Lafayette, Louisiana, (337) 237-2660.**

Pertinent data relating to the proposed application can be obtained, AT THE COST OF THE REQUESTING PARTY, by contacting Louis Gilbert, 3636 North Causeway Blvd., Suite 204, Metairie, Louisiana, 70002-7216, (505) 834-8112.

There is attached hereto and made a part hereof a plat reflecting the boundaries of ROBU 5 II RC SUA, and a list of the names and addresses of the interested parties to whom this unitization proposal is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed herein is our check in the amount of \$755.00 made payable to the Office of Conservation in payment of the required hearing application fee.

Very truly yours,

RANDALL C. SONGY
