Designation of substitute unit well at exceptional location

Dear Commissioner Welsh:

Application is hereby made on behalf of **TRIUMPH ENERGY, INC.** for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To permit the applicant to drill, designate and utilize its Trahan (formerly Mitchell et al) No. 1 Well as substitute unit well for the 2 DUHON RG SUA, said well located as shown on the plat attached hereto, in exception to the spacing provisions of Office of Conservation Order No. 155-C-6, effective September 19, 1984.
2. To find that the proposed substitute unit well is necessary to efficiently and economically drain a portion of the reservoir covered by the unit which cannot be so drained by any existing well within such unit.
3. Except to the extent contrary herewith, to continue in full force and effect the provisions of Office of Conservation Order No. 155-C-6, effective September 19, 1984, the unit created thereby, and applicable Statewide Orders.
4. To consider such other matters as may be pertinent.

The Second Duhon Sand, Reservoir G, in Abbeville Field, Vermilion Parish, Louisiana, was previously defined in Office of Conservation Order No. 155-C-6, effective September 19, 1984.

The existing unit well has been plugged and abandoned. The applicant is therefore requesting permission to drill, designate and utilize its Trahan (formerly Mitchell et al) No. 1 Well as
