Re: Alternate Unit Well Designation  
L Zone, Reservoir A, Sand Unit A  
Iberia Field, Iberia Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **DENBURY ONSHORE, LLC** for the calling of a public hearing after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To permit the applicant to drill, designate and utilize its F. N. Bullock No. 10 Well as an additional alternate unit well for the L RA SUA, at the location shown on the plat attached hereto and made a part hereof, which location complies with the spacing provisions of Office of Conservation Order No. 860-UU, effective October 19, 2004.
2. To find that the proposed alternate unit well is necessary to efficiently and economically drain a portion of the reservoir covered by such unit which cannot be so drained by any existing well within such unit.
3. To permit the operator to produce the unit allowable from the existing unit and alternate unit wells and/or the proposed alternate unit well, in any combination thereof, at the discretion of the operator.
4. To continue in effect the existing designations and use of the current unit and alternate unit wells for the L RA SUA.
5. Except to the extent herein set forth, to continue in full force and effect the provisions of Office of Conservation Order No. 860-UU, effective October 19, 2004.
6. To consider such other matters as may be pertinent.

The L Zone, Reservoir A, in Iberia Field, Iberia Parish, Louisiana, was fully defined in Office of Conservation Order No. 860-UU, effective October 19, 2004.

The applicant is requesting permission to drill, designate and utilize an additional alternate unit well for the L RA SUA at the location shown on the attached plat. This well will permit efficient and economic recovery of hydrocarbons underlying the unit, will not adversely affect the adjacent offsetting landowners, and is needed to satisfy the market demand for gas and condensate from the field.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal, along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$755.00 made payable to the Office of Conservation and representing the required hearing application fee.

Very truly yours,

LISKOW & LEWIS
