RE: HEARING APPLICATION
HOSS SU53
CV RA SUJ
Logansport Field
DeSoto Parish, Louisiana
Our File No. 230593.167

Dear Sir:

On behalf of COMSTOCK OIL & GAS-LOUISIANA, LLC, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Hosston Zone and the Cotton Valley Formation, Reservoir A, in the Logansport Field, DeSoto Parish, Louisiana:

1. To permit the applicant to drill, designate and utilize an additional alternate unit well for HOSS SU53 and CV RA SUJ, at the location shown on the plats attached hereto, in exception to the well spacing provisions of Office of Conservation Order No. 28-S-4, effective July 22, 1981 and Office of Conservation Order No. 28-W, effective April 22, 1980.
2. To explicitly find that the proposed alternate unit well is in the interest of conservation and is necessary to drain a portion of the Hosston Zone and Cotton Valley Formation, Reservoir A, in the Logansport Field underlying HOSS SU53 and CV RA SUJ, which cannot be efficiently and economically drained by any existing well in such units.
3. To provide that the unit allowables for HOSS SU53 and CV RA SUJ, respectively, may be produced from either the unit well, alternate unit wells, or any combination thereof, at the operator's discretion.
4. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.
