Re: 2<sup>nd</sup> Duhon Sand, Reservoir G  
Abbeville Field  
Vermilion Parish, Louisiana

Application is hereby made on behalf of **TRIUMPH ENERGY, INC.** for the calling of a public hearing after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To dissolve the existing 2 DUHON RG SUA, previously created by Office of Conservation Order No. 155-C-6, effective September 19, 1984, and simultaneously therewith, to create a revised drilling and production unit for the exploration for and production of oil and gas from the 2<sup>nd</sup> Duhon Sand, Reservoir G, in Abbeville Field, Vermilion Parish, Louisiana, said revised unit designated DUHON 2 RG SUA.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed revised unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate Triumph Energy, Inc. as operator of the proposed revised unit.
4. To designate the Triumph Energy, Inc. – Trahan (formerly Mitchell et al) No. 1 Well as unit well for the proposed revised unit.
5. Except to the extent herein set forth, to confirm and continue in full force and effect the provisions of Office of Conservation Order No. 155-C-6, effective September 19, 1984, and applicable statewide orders.
6. To consider such other matters as may be pertinent.

The Second Duhon Sand, Reservoir G, in the Abbeville Field, was previously defined in Office of Conservation Order No. 155-C-6, effective September 19, 1984, and is hereby redefined as being that oil and gas bearing sand encountered between the depths of 9,750 feet and 9,840 feet

May 2, 2008

(electrical log measurements) (true vertical depths of 9,694 feet and 9,780 feet) in the Triumph Energy, Inc. – Trahan (formerly James Larry Mitchell) No. 1 Well, located in Section 19, Township 12 South, Range 3 East, Vermilion Parish, Louisiana.

Pursuant to the Rules of Procedure, pre-application notice was given; however, no request for the conference was received. Therefore, the conference tentatively scheduled for May 12, 2008, **WILL NOT BE HELD.**

Please note that the unit proposal slightly changed from the pre-application dated April 21, 2008, due to a change in the definition and correction of a well location on the base map. Should any interested party have questions concerning these changes, notify the undersigned.

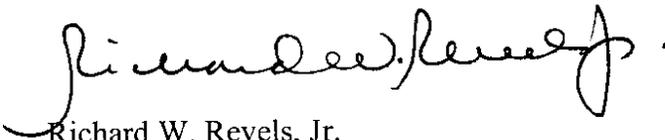

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from W. H. Robbins & Associates, L.L.C., 302 La Rue France, Lafayette, Louisiana 70508, Telephone Number (337) 232-5004.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal along with the list of the names and addresses of the Interested Owners, Interested Parties and Represented Parties to whom a copy of this application is being furnished. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished **ONLY** to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be provided to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Sincerely,

LISKOW & LEWIS

Richard W. Revels, Jr.
