RE: Db-MA Zone, Reservoir A  
Patterson Field  
St. Mary Parish, Louisiana

Application is hereby made on behalf of **DEVON ENERGY PRODUCTION COMPANY, L.P.** for the calling of a public hearing, after thirty (30) days legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters related to the **Db-MA Zone, Reservoir A**, in the **Patterson Field**, St. Mary Parish, Louisiana, to-wit:

1. To establish rules and regulations and create a single drilling and production unit for the exploration for and production of gas and condensate, such unit to be designated Db-MA RA SUA;
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation;
3. To provide that any future wells drilled to the Db-MA Zone, Reservoir A, within or outside of the proposed unit, should be located in accordance with the spacing provisions of Statewide Order 29-E;
4. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir, by supplemental order without

the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation; and

5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Db-MA Zone, Reservoir A, in the Patterson Field is hereby defined as being that gas and condensate bearing zone encountered between the depths of 15,190 feet and 17,600 feet, electrical log measurements, in the Devon Energy Corporation-Grizzaffi-Vial No. 1 Well, located in Section 3, Township 15 South, Range 12 East, St. Mary Parish, Louisiana.

A conference to discuss the proposed application and any opposition thereto was held at 11:00 a.m. on Thursday, April 24, 2008, at The Morgan City Municipal Auditorium, 728 Myrtle Street, Morgan City, LA (Phone: 985-380-4639). A list of the parties who attended the pre-application conference is attached. Randall C. Songy, attorney for the applicant, opened the conference with a brief discussion of the Rules of Procedures. Frank Harrison, geological consultant for the applicant, explained the applicant's proposal and the geological, engineering and other bases therefor, and answered questions. The conference was then adjourned. No counterplan was presented at the conference.

Pertinent data relating to the proposed application can be obtained, AT THE COST OF THE REQUESTING PARTY, by contacting Frank Harrison, P. O. Box 51943, Lafayette, LA 70505, Lafayette, Louisiana, 70508, (337) 232-4031.

There is attached hereto and made a part hereof a plat outlining the proposed unit and a list of the names and addresses of the interested parties to whom this unitization proposal is being sent. Please note that there are some very minor changes on the unit plat to the Lambert coordinates shown for the corners of the proposed unit to correct errors made on the plat attached to the Pre-application Notice. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Very truly yours,
