Re: APPLICATION FOR PUBLIC HEARING.

Haynesville Zone, Reservoir B, BETHANY-
LONGSTREET FIELD, DeSoto Parish, Louisiana.

Dear Sir:

BEUSA ENERGY, INC. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Haynesville Zone, Reservoir B, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana:

1. To create four (4) additional drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir B, such units being shown on attached plats and being designated HA RB SUD through HA RB SUG.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed additional units in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate a unit operator of, and unit wells for, the proposed additional units as may be appropriate.
4. To propose that future wells drilled to the Haynesville Zone within or outside of the units proposed herein be located no closer than 330 feet to any unit boundary and no closer than 660 feet to any well completed in, drilling to, or for which a permit has been granted to drill to the Haynesville Zone.
5. To expand the provisions of previous Orders issued by the Office of Conservation authorizing downhole combination of production from the Hosston Formation, Reservoir A, and the Cotton Valley Formation, Reservoir A, with respect to previously created units for such formations which are identical to the additional units proposed herein for the Haynesville Zone, Reservoir B, so as to include production from the Haynesville Zone, Reservoir B, in any well in which the interests in the units from which production is to be combined downhole are identical.
6. To define the Haynesville Zone, Reservoir B, as the stratigraphic equivalent of that interval encountered between the measured depths of 10,910 feet and 11,487 feet in the Chesapeake Operating, Inc.--SRLT 29 No. 1 Well, located in Section 29, Township 16 North, Range 15 West, Caddo Parish, Louisiana, being also the stratigraphic equivalent of that interval encountered between the measured depths of 11,008 feet and 11,585 feet in the Chesapeake Operating, Inc.--Bray 27 No. 1 Well located in Section 27, Township 15 North, Range 16 West, Caddo Parish, Louisiana.

7. To consider such other matters as may be pertinent to the Haynesville Zone, Reservoir B.

The initial unitization for the Haynesville Zone, Reservoir B, in the Bethany-Longstreet Field is the subject of an application of Beusa Energy, Inc., under Docket No. 08-563, the public hearing on which was held on April 29, 2008.

Any pertinent data concerning this application will be available for inspection at the offices of Louis Gilbert & Associates, Inc., 3636 N. Causeway Blvd., Suite 204, Metairie, Louisiana 70002-7216. Any person wishing to inspect any such data should call Mr. Louis Gilbert at (504) 834-8112 during normal business hours in order to arrange a date and time for such inspection. A copy of any such pertinent data which is not otherwise available from the records of the Louisiana Office of Conservation can be obtained from Applicant at the expense of the requesting party.

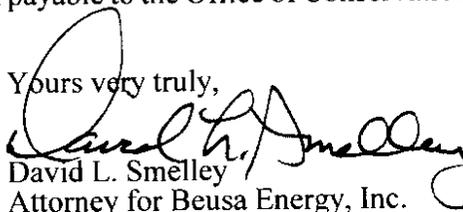

By letter dated May 1, 2008, Applicant gave notice, in accordance with the Revised Rules of Procedure, of its intention to apply for a public hearing concerning these proposals and set May 22, 2008, as the tentative date for the pre-application conference. No request for the conference was received within ten (10) days after the date of said letter; therefore, no pre-application conference will be held.

Pursuant to the Revised Rules of Procedure, Applicant has made a reasonable effort to obtain the names and addresses of all Interested Owners, Represented Parties and Interested Parties to whom notice of this application is being sent and has attached hereto a list of the names and addresses of such parties. A copy of each of the unit plats showing the units proposed to be created (which are identical to the plats attached to the pre-application notice) is enclosed herewith, and a copy of this letter and of the attached plats is being sent to the District Manager of the Shreveport District of the Office of Conservation and to the Interested Owners, Represented Parties and Interested Parties as shown on the attached list.

Applicant will provide for posting of a copy of the Legal Notice of this hearing, and of the enclosed plats, at a prominent place in the area affected and will cause publication of the Legal Notice in a newspaper published in the general area of Bethany-Longstreet Field, all in accordance with the Revised Rules of Procedure. Furthermore, Applicant will mail a copy of the Legal Notice to all Interested Owners, Represented Parties and Interested Parties promptly upon receipt of the Legal Notice from the Commissioner.

Finally, enclosed herewith is our check payable to the Office of Conservation covering the application fee.

Yours very truly,

David L. Smelley
Attorney for Beusa Energy, Inc.
