RE: **Jurassic Zone, Reservoir A
Woodardville Field
Bienville Parish, Louisiana**

APPLICATION FOR PUBLIC HEARING

Dear Sir:

Questar Exploration and Production Company hereby makes application pursuant to the revised rules of procedure for a public hearing to consider evidence relating to the following matters pertaining to the Jurassic Zone, Reservoir A, in the Woodardville Field, Bienville Parish, Louisiana:

1. To establish a single drilling and production unit for the exploration for and production of gas and condensate from the Jurassic Zone, Reservoir A, in the Woodardville Field, Bienville Parish, Louisiana, to be designated JUR RA SUW, as shown outlined on the plat attached hereto and made a part hereof.
2. To force pool and integrate all of the separately owned tracts, mineral leases and other property interests located within the proposed unit in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate Questar Exploration and Production Company as operator of JUR RA SUW and to authorize them to drill, designate and utilize the Wiggins 36 No. 1 Well as the unit well for HA RA SUW, which well is to be drilled as a horizontal lateral in the manner and at the location as generally shown on the plat attached hereto and made a part hereof, provided that said well may be drilled along a path and to a bottom hole location within one-hundred feet of the path and bottom hole location shown on said plat, but in no event closer than 330 feet to any unit boundary.
4. To add the Jurassic Zone, Reservoir A, to the downhole combination authority provided for in the Woodardville Field with respect to the Hosston Formation, Reservoir B, and the Cotton Valley Formation, Reservoir B, in any well drilled on the proposed unit to the extent the units for all three zones are identical in size, configuration and ownership;

COOK, YANCEY, KING & GALLOWAY

Page 2

5. To establish field rules for the Jurassic Zone, Reservoir A, in the Woodardville Field that require wells to be located no closer than 330 feet to any unit boundary and that there be not less than 660 feet between wells drilling to, completed in, or for which a permit shall have been issued to the Jurassic Zone, Reservoir A; and
6. To consider and cover such other matters as the Commissioner of Conservation may deem appropriate and necessary under the circumstances.

The Jurassic Zone, Reservoir A, in the Woodardville Field, Bienville Parish, Louisiana, is to be defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 10,540 feet and 12, 925 (electric log measurements) in the EnCana Oil & Gas (USA) Inc. - J. W. Adcock Investments No. 1 Well located in Section 15, Township 13 North, Range 9 West, Bienville Parish, Louisiana.

Any pertinent data relating to this matter can be obtained, at the cost of the requesting party, from Mr. Craig Barclay, 522 Dumbarton, Shreveport, Louisiana 71106, telephone number (318) 869-2223.

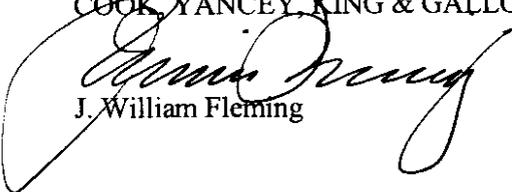

The proposed unit is the initial unit for the Jurassic Zone, Reservoir A, in the Woodardville Field. It is identified as JUR RA SUW to be compatible with the nomenclature for the existing units in place for the Hosston Formation, Reservoir B (HOSS RB SUW), and the Cotton Valley Formation, Reservoir B (CV RB SUW), which units are of the same size and configuration as proposed JUR RA SUW.

A pre-application notice letter dated May 23, 2008, was circulated in connection with this matter. There was no request received for a conference, accordingly, none was held.

The attached list includes the names of all Interested Owners, Represented Parties and Interested Parties known to Applicant after a diligent search. A copy of this application, with plat attached, is being sent to each such party. Pursuant to Office of Conservation regulations, the list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any person requesting a copy of it. Also, enclosed with the copy of this letter being sent to the Commissioner of Conservation is a check for the necessary application fee.

Yours very truly,

COOK, YANCEY, KING & GALLOWAY

J. William Fleming
