RE: HEARING APPLICATION
CV RA SU71 and HOSS RA SU77
Caspiana Field
DeSoto and Red River Parishes, Louisiana
Our File No.410688.29

Dear Sir:

On behalf of STROUD PETROLEUM, INC., application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Cotton Valley Formation and Hosston Formation, Reservoirs A, in the Caspiana Field, DeSoto and Red River Parishes, Louisiana:

1. To permit the applicant to drill, designate and utilize fourteen (14) additional alternate unit wells for CV RA SU71 and HOSS RA SU77, at the locations shown on the plats attached hereto.
2. To grant such exceptions to the well spacing provisions of Office of Conservation Order No. 191-A, effective February 15, 1975, and Office of Conservation Order No. 191-B, effective April 15, 1975, as are necessary with respect to the proposed alternate unit wells.
3. To explicitly find that the abovesaid alternate unit wells are in the interest of conservation and are necessary to drain a portion of the Cotton Valley Formation and Hosston Formation, Reservoirs A, in the Caspiana Field underlying CV RA SU71 and HOSS RA SU77, which cannot be efficiently and economically drained by any existing well in such units.
4. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.
