RE: 8150' Zone, Reservoir A
CROWLEY FIELD
Acadia Parish, Louisiana

Dear Sir:

Application is hereby made on behalf of Camex Operating Company to the Commissioner of Conservation for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the 8150' Zone, Reservoir A, in the Crowley Field, Acadia Parish, Louisiana.

1. To establish rules and regulations governing the exploration for and production of oil and gas from the 8150' Zone, Reservoir A, in the Crowley Field, Acadia Parish, Louisiana.
2. To create a single drilling and production unit for this zone and to force pool and integrate all separately owned tracts, mineral leases and other property interests within the unit so created.
3. To designate a unit operator and a unit well for the unit so created as may be appropriate.
4. To provide that the 8150' Zone, Reservoir A, should be exempt from the spacing provisions of Statewide Order No. 29-E.
5. To provide that the Commissioner may reclassify the reservoir by supplemental order and without the necessity of a public hearing should such reclassification be warranted, based on evidence furnished the Commissioner.
6. To discuss any other matters that may be pertinent to this application.

The 8150' Zone, Reservoir A, in the Crowley Field, Acadia Parish, Louisiana, is hereby defined as being that oil and gas bearing zone encountered between the depths of 6,808' and 8,642' electric log measured depths (6,655' and 8,223' true vertical depths) less and except that interval between 8,038' and 8,173' electric log measured depths (7,703' and 7,820' true vertical depths) in the Camex Operating Company - Guillot No. 1 Well, located in Section 27, Township 10 South, Range 1 East, Acadia Parish, Louisiana.

In addition to furnishing the legal notice to all Interested Parties, the applicant will provide for POSTING of the legal notice of the hearing and unit plat in a prominent place in the area of the Crowley Field, Acadia Parish, Louisiana, and will cause the legal notice of the hearing to be PUBLISHED in a newspaper of general circulation published in the vicinity of the Crowley Field, Acadia Parish, Louisiana, at least fifteen (15) days before the hearing date.

Any pertinent data relating to the subject application can be obtained, **AT THE COST OF THE REQUESTING PARTY**, from Bill McAlister at Leon E. Comeaux & Associates, P. O. Box 53922, Lafayette, Louisiana 70505 (337-233-9839).

In compliance with the Rules of Procedure, a preapplication conference was held in Lafayette, Louisiana, on October 13, 2008, at which the parties named on the attached list were in attendance.

The conference was opened with a discussion by Mr. Bill McAlister, representing Camex Operating Company, concerning the nature and purpose of the conference and the bases for the applicant's proposed unit.

Questions were asked and answered, but there were no counter plans presented. There was no opposition expressed at this conference.

After the meeting was adjourned it was brought to our attention that Miss-Lou Petroleum LLC had retained the rights to the 7800' Sand in their Guillot No. 3 Well from 7,700' to 7,825'. This interval falls within our proposed zonal definition in the Camex-Guillot No. 1 Well, therefore, this interval will be excluded in a revised definition for the 8150' Zone in the Camex-Guillot No. 1 Well. The equivalent interval in the Camex - Guillot No. 1 Well to be excluded is from 7,703' to 7,820' true vertical depths.

The proposed definition is as follows: The 8150' Zone, Reservoir A, in the Crowley Field, Acadia Parish, Louisiana, is hereby defined as being that oil and gas bearing zone encountered between the depths of 6,808' and 8,642' electric log measured depths (6,655' and 8,223' true vertical depths) less and except that interval between 8,038' and 8,173' electric log measured depths (7,703' and 7,820' true vertical depths) in the Camex Operating Company - Guillot No. 1 Well, located in Section 27, Township 10 South, Range 1 East, Acadia Parish, Louisiana.

Please be advised that the revised zonal definition does not cause any change to the proposed unit outline.

There are attached hereto and made a part hereof a plat outlining the proposed unit, the conference attendance list, and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties and proposed unit plat (**being the same plat attached to the September 22, 2008 preapplication notice**) are being furnished **ONLY** to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, said plat and the list of parties will be provided to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, there is enclosed our check on behalf of the applicant, Camex Operating Company, in the sum of \$755.00 payable to the Office of Conservation and representing the required hearing application fee.

Sincerely,

LEON E. COMEAUX & ASSOCIATES

Bill McAlister
