Little Creek Field
LaSalle Parish, Louisiana
Our File No. 566385.35

Dear Sir:

On behalf of XTO Energy Inc., application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Wilcox G Zone, Reservoir A, in the Little Creek Field, LaSalle Parish, Louisiana:

1. To permit the applicant to designate and utilize the XTO Energy Inc. - Taylor No. G-2 Well, as an alternate unit well for WX G RA SU60, at the location shown on the plat attached hereto, in exception to the well spacing provisions of Office of Conservation Order No. 856-E, effective January 1, 1986.
2. To explicitly find that the proposed alternate unit well is necessary to drain a portion of the Wilcox G Zone, Reservoir A, in the Little Creek Field, underlying WX G RA SU60, which cannot be efficiently and economically drained by any existing well in such unit.
3. To provide that the unit allowable for WX G RA SU60 may be produced from either the unit well, the alternate unit wells, or any combination thereof, at the operator's discretion.
4. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.
