Baton Rouge, LA 70804-4275

Re: Cotton Valley Formation, Reservoir B  
Haynesville Zone, Reservoir A  
Woodardville Field  
Red River Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **SWEPI LP** for the calling of public hearings, after legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters:

## Cotton Valley Formation, Reservoir B

1. To redefine the Cotton Valley Formation, Reservoir B, in Woodardville Field, Red River Parish, Louisiana, insofar and only insofar as the CV RB SU69 is concerned, as being that gas and condensate bearing interval encountered between the depths of 9,383 feet and 10,200 feet (electrical log measurements) in the Will-Drill Production Co., Inc. - Woodard Villa Inc. No. 1 Well, located in Section 27, Township 15 North, Range 9 West, Bienville Parish, Louisiana, identical to the definition contained in Office of Conservation Order No. 990-B-10, effective January 9, 2007.
2. Except to the extent contrary herewith, to continue in full force and effect the provisions of Office of Conservation Order No. 990-B, effective September 13, 2005, as amended and supplemented by the 990-B Series of Orders, the units created thereby, and applicable Statewide Orders.

The Cotton Valley Formation, Reservoir B, in the Woodardville Field, Bienville and Red River Parishes, Louisiana, was previously defined in Office of Conservation Order No. 990-B, effective September 13, 2005, was redefined as to SUWW and SU69 through SU71 in Order 990-B-57, effective January 8, 2008, and the applicant proposes it be redefined in the manner set forth in Item No. 1 above only insofar as the CV RB SU69 is concerned.

## Haynesville Zone, Reservoir A

1. To create one (1) additional drilling and production unit for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, in Woodardville Field, Red River Parish, Louisiana, said unit designated HA RA SU74, as shown on the plat attached hereto and made a part hereof.

October 2, 2009

2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each separate tract sharing in unit production on a surface acre basis of participation.
3. Except to the extent contrary herewith, to continue in full force and effect the provisions of Office of Conservation Order No. 990-D, effective July 15, 2008, as amended and supplemented by the 990-D Series of Orders, the units created thereby, and applicable Statewide Orders.
- 4 To consider such others matters as may be pertinent.

The Haynesville Zone, Reservoir A, in the Woodardville Field, Bienville and Red River Parishes, Louisiana, was defined in Office of Conservation Order No. 990-D, effective July 15, 2008.

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from Bill Dale, W. H. Robbins & Associates, L.L.C., 302 La Rue France, Lafayette, Louisiana 70508, Telephone Number (337) 232-5004. No changes are being proposed to the existing unit boundaries of the CV RB SU69 or to the provisions of the orders pertaining to said unit. The applicant is simply requesting that the Haynesville Zone be eliminated from the definition of the Cotton Valley Formation and a separate unit, identical in shape and size, be created for the Haynesville Zone.

Pursuant to the Rules of Procedure, pre-application notice was given; however, no request for the conference was received. Therefore, the conference tentatively scheduled for October 14, 2009, **WILL NOT BE HELD.**

Attached hereto and made a part hereof are plats showing the applicant's proposals, along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished **ONLY** to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed is our check in the amount of \$1,510.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Very truly yours,

LISKOW & LEWIS

  
Richard W. Revels, Jr.
