RE: **Hosston 7,950' Zone, Reservoir A**
Vaughn Sand
Lower Cotton Valley Zone, Reservoir A
Ruston Field
Lincoln Parish, Louisiana

APPLICATION FOR PUBLIC HEARING

Dear Sir:

Devon Energy Production Company, L. P. hereby makes application pursuant to the revised rules of procedure for a public hearing to consider evidence relating to the following matters pertaining to the Hosston 7,950' Zone, Reservoir A, the Vaughn Sand, and the Lower Cotton Valley Zone, Reservoir A, in the Ruston Field, Lincoln Parish, Louisiana:

1. To authorize Devon Energy Production Company, L. P. to drill, designate and utilize an additional alternate unit well for HOSS 7950 RA SUH in the manner and at the location indicated on the attached plat, or to a location within a fifty foot radius of the location indicated provided that such location shall be no closer than 330 feet to any unit line;
2. To authorize Devon Energy Production Company, L. P. to drill, designate and utilize an additional alternate unit well for VGN SUV in the manner and at the location indicated on the attached plat, or to a location within a fifty foot radius of the location indicated provided that such location shall be no closer than 330 feet to any unit line;
3. To authorize Devon Energy Production Company, L. P. to drill, designate and utilize an alternate unit well for LCV RA SUB in the manner and at the location indicated on the attached plat, or to a location within a fifty foot radius of the location indicated provided that such location shall be no closer than 330 feet to any unit line;

Page 2

4. To authorize Devon Energy Production Company, L. P. to drill, designate and utilize an additional alternate unit well for LCV RA SUE at the location indicated on the attached plat;
5. To the extent necessary, to approve the proposed alternate unit wells as exceptions to the well location provisions of (a) Office of Conservation Order No. 164-O-29, effective January 10, 1995, with respect to the Hosston 7,950' Zone, Reservoir A; (b) Office of Conservation Order No. 164, effective March 31, 1949, with respect to the Vaughn Sand; and (c) Office of Conservation Order No. 164-Z, effective February 12, 1997, with respect to the Lower Cotton Valley Zone, Reservoir A;
6. To establish that the proposed alternate unit wells are necessary to efficiently and economically recover hydrocarbons underlying the subject units which cannot be recovered by any existing well on these units;
7. To authorize the unit allowable for HOSS 7950 RA SUH , VGN SUV, LCV RA SUB and LCV RA SUE to be recovered from the existing wells located on each unit, the proposed alternate unit well, or any combination thereof, in the discretion of the operator;
8. To authorize the wellbore or downhole combination of hydrocarbons from HOSS RA SU7950 RA SUH, VGN SUV and LCV RA SUB in any well drilled on these units, provided that the ownership within each of the units is the same; and
9. To consider and cover such other matters as the Commissioner of Conservation may deem appropriate and necessary under the circumstances.

The Hosston 7,950' Zone, Reservoir A, in the Ruston Field, Lincoln Parish, Louisiana, was defined in Office of Conservation Order No. 164-O-29, effective January 10, 1995.

The Vaughn Sand in the Ruston Field, Lincoln Parish, Louisiana, was defined in Office of Conservation Order No. 164, effective March 31, 1949.

The Lower Cotton Valley Zone, Reservoir A, in the Ruston Field, Lincoln Parish, Louisiana, was defined in Office of Conservation Order No. 164-Z, effective February 12, 1997.

The subject matter of this application does not require the issuance of a pre-application notice.

Any pertinent data relating to this matter can be obtained at the cost of the requesting party from Mr. Lou Bertoli, Devon Energy Production Company, L. P., 1200 Smith Street, Houston, Texas 77002, telephone number (713) 265-6779.
