REVISED APPLICATION

2223-68436

Honorable James H. Welsh
Commissioner of Conservation
Louisiana Office of Conservation
P.O. Box 94275
Baton Rouge, LA 70804-4275

RE: Upper Wilcox Zone, Reservoir A
Bancroft Field
Beauregard Parish, Louisiana
Docket No. 09-17
Hearing Date: January 6, 2009

Dear Commissioner Welsh:

By letter dated November 12, 2008, (the "Application"), **FOREST OIL CORPORATION**, ("**Forest**") made application to your office for a public hearing to consider evidence relative to the issuance of an Order which would establish rules and regulations and create a single drilling and production unit for the **Upper Wilcox Zone, Reservoir A**, in the **Bancroft Field**, Beauregard Parish, Louisiana.

Pursuant to Rule 9 of the Revised Rules of Procedure for Conducting Hearings before the Commissioner of Conservation, Forest hereby amends the Application by revising the definition thereto:

" The Upper Wilcox Zone, in the Bancroft Field, is hereby defined as being that gas and condensate bearing zone encountered between the depths of 10,760 feet and 11,518 feet (electrical log measurements) in the South La Prod. Co. - Boise Southern No. 1 Well, located in Section 35, Township 6 South, Range 13 West, Beauregard Parish, Louisiana."

November 21, 2008

Page 2

This revision simply corrects an error as to the top depth of the proposed definition, changing it to read 10,760 feet instead of 11,760 feet measured depth.

In all other respects (including the size, shape and location of the proposed unit), the Application shall remain the same, and to the extent necessary, the Application is hereby incorporated herein and made a part hereof by reference. We expect no opposition to this Revised Application.

A copy of this Revised Application is being forwarded to the District Manager and all Interested Owners, Represented Parties and Interested Parties.

Also enclosed with these copies is a Legal Notice scheduling the Public Hearing before the Office of Conservation for the above-referenced matter for January 6, 2009 at 9:00 a.m.

Very truly yours,

RANDALL C. SONGY

APPLICATION

2223-68436

Honorable James H. Welsh
Commissioner of Conservation
Louisiana Office of Conservation
P.O. Box 94275
Baton Rouge, LA 70804-4275

RE: Upper Wilcox Zone, Reservoir A
Bancroft Field
Beauregard Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **FOREST OIL CORPORATION**, for the calling of a public hearing, after thirty (30) days legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters related to the **Upper Wilcox Zone, Reservoir A**, in the **Bancroft Field**, Beauregard Parish, Louisiana, to-wit:

1. To establish rules and regulations and create a single drilling and production unit for the exploration for and production of gas and condensate from the Upper Wilcox Zone, Reservoir A, such unit to be designated U WX RA SUA;
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation;
3. To designate a unit well for the proposed unit, if appropriate;

4. To designate Forest Oil Corporation as the operator of the proposed unit, if appropriate;
5. To provide that any future wells drilled to the Upper Wilcox Zone, Reservoir A, within or outside of the proposed unit, should be located in accordance with the spacing provisions of Statewide Order No. 29-E;
6. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation; and
7. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Upper Wilcox Zone, in the Bancroft Field, is hereby defined as being that gas and condensate bearing zone encountered between the depths of 11,760 feet and 11,518 feet (electrical log measurements) in the South La Prod. Co. - Boise Southern No. 1 Well, located in Section 35, Township 6 South, Range 13 West, Beauregard Parish, Louisiana.

The pre-application conference tentatively scheduled for November 20th, 2008, **WILL NOT BE HELD**, as it was not requested within the delays provided for by the Rules of Procedure; therefore, no opposition to this Application at the hearing is anticipated.

Pertinent data relating to the proposed application can be obtained, **AT THE COST OF THE REQUESTING PARTY**, by contacting David Comeaux, with Leon Comeaux & Associates, P.O. Box 53922, Lafayette, LA 70505 (337) 233-9839.

There is attached hereto and made a part hereof a plat outlining the proposed unit and a list of the names and addresses of the interested parties to whom this unitization proposal is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished **ONLY** to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed herein is our check in the amount of \$755.00 made payable to the Office of Conservation in payment of the required hearing application fee.

P.S. To all Interested Owners, Represented Parties and Interested Parties:

You may have received this Application even though your property is not included in the proposed unit, because the Revised Rules of Procedure require us to attempt to also notify everyone owning an interest in the area "proximate to" the proposed unit.

Your receipt of this Application does not require you to take any action. It is meant to notify you of these proceedings so that you have the opportunity to participate if you so desire.
