Re: APPLICATION FOR PUBLIC HEARING.

Hosston Zone and Cotton Valley Formation, Reservoir
A, LOGANSPORT FIELD, DeSoto Parish, Louisiana.

Dear Sir:

CORONADO ENERGY E&P COMPANY, L.L.C. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Hosston Zone and to the Cotton Valley Formation, Reservoir A, in the Logansport Field, DeSoto Parish, Louisiana:

1. To authorize Applicant to drill, designate and utilize four (4) alternate unit wells for HOSS SU54 and a substitute unit well and four (4) alternate unit wells for CV RA SUP, at the locations shown on the attached plats.
2. To approve exceptions to the spacing provisions of Office of Conservation Order No. 28-W, effective April 22, 1980 (applicable to the Cotton Valley Formation, Reservoir A), and Office of Conservation Order No. 28-S-4, effective July 22, 1981 (applicable to the Hosston Zone), for the location of any of the proposed wells, as shown on the attached plats, which does not comply with these spacing provisions.
3. To find that each of the proposed wells is necessary to efficiently and economically drain a portion of the Cotton Valley Formation, Reservoir A, underlying CV RA SUP, and a portion of the Hosston Zone underlying HOSS SU54, which cannot be efficiently and economically drained by any existing well on such units.
4. To permit the operator of CV RA SUP to produce the allowable assigned to this unit from either the substitute unit well, from any alternate unit well, or from any combination of such wells, at the option of the operator.
5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Hosston Zone in the Logansport Field, DeSoto Parish, Louisiana, was defined in Office of Conservation Order No. 28-S, effective April 21, 1970.
