RE: HEARING APPLICATION

Red River - Bull Bayou Field
DeSoto Parish, Louisiana
Our File No. 230593.249

Dear Sir:

On behalf of **Comstock Oil & Gas - Louisiana, LLC**, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Haynesville Zone, Reservoir C, in the Red River - Bull Bayou Field, DeSoto Parish, Louisiana:

1. To create two (2) additional drilling and production units (to be designated as HA RC SUN and HA RC SUO), as shown on the plat attached hereto, for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir C, in the Red River - Bull Bayou Field, DeSoto Parish, Louisiana.
2. To force pool and integrate all separately owned tracts, mineral leases, and other property interests within each of the proposed units, with allocation of production to the tracts within such units to be on the basis of surface acreage.
3. To designate a unit operator and unit wells for said units, if appropriate.
4. Except to the extent contrary herewith, to extend the provisions of the 109-X Series of Orders to the proposed units.
5. To provide that, with respect to future horizontal wells drilled to the Haynesville Zone, Reservoir C, in the proposed units and in the Red River - Bull Bayou Field, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, Reservoir C, the distance to any unit boundary and between wells will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus.
6. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Haynesville Zone, in the Red River - Bull Bayou Field was defined in Office of Conservation Order No. 109-X, effective June 25, 2008.
